

# 1911 SLIDE FITTING BARS - 1911 SLIDE FITTING BAR .115" (2.9210MM)

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Slide Tools](#)

## Remove Slide "Play" Accurately & Professionally

Surface ground and hardened tool steel bars in ten thicknesses -

Recommended by agency armorers and top pistolsmiths as the most accurate way to remove vertical slide "play" from the 1911 Auto, its variations and copies. May be slower than the quick-and-dirty methods, but gives an infinitely more accurate and professional job. Basic procedure as follows: Measure gun's slide rail thickness; place closest-sized Slide Fitting Bar in frame "way"; tap frame rail with light hammer to close the "ways" space down to match the slide rail thickness. Complete instructions included.

# 1911 Slide Fitting Bars Safety Instruction Guide

## Introduction

Thank you for choosing the 1911 Slide Fitting Bars. These high-quality surface ground and hardened tool steel bars are designed to enhance the accuracy of your 1911 Auto pistol by removing vertical slide “play.” This guide provides essential safety information and instructions to ensure the safe and effective use of this product.

## General Safety Guidelines

- Always read the instruction manual thoroughly before using the product.
- Ensure you are in a well-lit and organized workspace when using the Slide Fitting Bars.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, to protect against potential injuries.
- Keep the Slide Fitting Bars out of reach of children and pets.
- Do not use the Slide Fitting Bars for any purpose other than intended.
- Regularly inspect the bars for any signs of damage or wear before use.
- If you notice any defects, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before starting any work on it.
- Always handle the firearm with care and follow all firearm safety rules.
- Use the Slide Fitting Bars only on firearms that are compatible, specifically the 1911 Government, Commander, and Officers models.
- When tapping the frame rail with a hammer, use a light touch to avoid damaging the frame.
- Follow the measurement instructions carefully to ensure the correct size of the Slide Fitting Bar is used.
- If you are unsure about any step in the process, consult a qualified gunsmith or firearms expert.

## Instructions for Installation and Usage

### 1. Measure the Slide Rail Thickness:

- Use a caliper or precise measuring tool to measure the thickness of your gun's slide rail.

### 2. Select the Appropriate Slide Fitting Bar:

- Choose the Slide Fitting Bar that is closest in size to the measured slide rail thickness.

### 3. Prepare the Frame:

- Place the selected Slide Fitting Bar into the frame “way” where the slide rail fits.

### 4. Tap the Frame Rail:

- Using a light hammer, gently tap the frame rail to close the “ways” space down to match the slide rail thickness.
- Ensure that you are applying even pressure to avoid misalignment.

### 5. Final Inspection:

- After adjustments, check for proper fit and alignment of the slide on the frame.
- Ensure that there is no excessive play and that the slide operates smoothly.

## Disposal Instructions

- Dispose of any damaged or unusable Slide Fitting Bars in accordance with local regulations.
- Do not dispose of in regular household waste. Instead, check for local recycling programs or hazardous waste disposal guidelines.

## Contact Information for Further Support

For further assistance, please consult your local firearms expert or a qualified gunsmith. Additionally, you can check for product recalls and safety updates on the EU's Safety Gate platform.

By following these guidelines, you can ensure the safe and effective use of the 1911 Slide Fitting Bars. Thank you for prioritizing safety in your firearm maintenance practices.
