

# 1911 SLIDE FITTING BARS - 1911 SLIDE FITTING BAR .118" (2.9972MM)

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Slide Tools](#)

## Remove Slide "Play" Accurately & Professionally

Surface ground and hardened tool steel bars in ten thicknesses -

Recommended by agency armorers and top pistolsmiths as the most accurate way to remove vertical slide "play" from the 1911 Auto, its variations and copies. May be slower than the quick-and-dirty methods, but gives an infinitely more accurate and professional job. Basic procedure as follows: Measure gun's slide rail thickness; place closest-sized Slide Fitting Bar in frame "way"; tap frame rail with light hammer to close the "ways" space down to match the slide rail thickness. Complete instructions included.

# Safety Instruction Guide for 1911 Slide Fitting Bars

## Introduction

Thank you for choosing the 1911 Slide Fitting Bars. This product is designed to assist with the precise adjustment of the slide on 1911 Auto pistols. To ensure your safety and the effective use of this product, please read this safety instruction guide carefully before use.

## General Safety Guidelines

- Always wear appropriate safety gear, including eye protection, when using this product.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that the firearm is unloaded and the magazine is removed before using the Slide Fitting Bars.
- Store the Slide Fitting Bars in a safe place, out of reach of children and unauthorized users.
- Regularly inspect the Slide Fitting Bars for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm modifications.

## Specific Safety Precautions for Use

- Use only the recommended Slide Fitting Bars for your specific model of 1911 Auto.
- Do not force the Slide Fitting Bars into the frame; if resistance is felt, recheck the size and fit.
- Avoid using excessive force when tapping the frame rail; this could damage the firearm.
- Ensure that you are familiar with the operation of your firearm and the tools you are using.
- Do not use the Slide Fitting Bars for any purpose other than intended adjustments to the slide.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is completely unloaded.
- Gather all necessary tools and the Slide Fitting Bars.

### 2. Measure the Slide Rail Thickness

- Use a caliper or similar measuring tool to measure the thickness of the gun's slide rail.

### 3. Select the Appropriate Slide Fitting Bar

- Choose the Slide Fitting Bar that is closest in size to the measured slide rail thickness.

### 4. Position the Slide Fitting Bar

- Place the selected Slide Fitting Bar in the frame "way" of the firearm.

### 5. Adjust the Frame Rail

- Gently tap the frame rail with a light hammer to close the "ways" space down to match the slide rail thickness.
- Repeat the measurement and adjustment process as necessary to achieve the desired fit.

### 6. Final Inspection

- After adjustments, inspect the fit of the slide to ensure there is no excessive play.

- Ensure all components are securely in place before using the firearm.

## Disposal Instructions

- Dispose of any damaged or worn Slide Fitting Bars in accordance with local regulations.
- Do not dispose of the Slide Fitting Bars in regular household waste.
- Consider recycling where possible, following your local recycling guidelines.

## Contact Information for Further Support

For any inquiries regarding the 1911 Slide Fitting Bars, including safety concerns or product issues, please refer to the contact information provided on the packaging or product documentation.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience using the 1911 Slide Fitting Bars. Always prioritize safety and adhere to local laws when handling firearms and related tools. Thank you for your attention to these important guidelines.
