

# STOCK TAKEDOWN SET - COMPLETE STOCK TAKEDOWN SET

[Gunsmith Tools & Supplies](#) > [Shotgun Tools](#) > [Buttstock Takedown Tools](#)

## All The Tools Needed To Prevent Split Stocks

The very best possible tools for removing most styles of buttstock bolts and action spring tube nuts. The thin-walled sockets are correct to prevent slipping and burring. The drag-link bit is round at the drive end, which automatically centers the blade in the stock bolt hole and makes fitting it into the slot about 1,000 times easier!! Plus, they work for other shop jobs, too.

# Safety Instruction Guide for STOCK TAKEDOWN SET COMPLETE STOCK TAKEDOWN SET

## Introduction

Thank you for choosing the STOCK TAKEDOWN SET COMPLETE STOCK TAKEDOWN SET. This toolset is designed to assist users in safely removing buttstock bolts and action spring tube nuts. To ensure your safety and the effective use of this product, please read and follow this safety instruction guide carefully.

## General Safety Guidelines

- Always inspect the tools before use for any signs of damage or wear.
- Use the tools only for their intended purpose as described in this guide.
- Keep the tools out of reach of children and vulnerable individuals.
- Ensure a clean and organized workspace to prevent accidents.
- Wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the tools.
- If you are unsure about the correct usage of any tool, seek assistance from a qualified professional.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded and safe before attempting any work with the STOCK TAKEDOWN SET.
- Do not use excessive force when using the tools to prevent damage and injury.
- Be cautious of sharp edges on the tools and components.
- Avoid using the tools in wet or damp conditions to prevent slipping and accidents.
- Store the tools in a dry, secure location when not in use.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is unloaded and placed on a stable surface.
- Gather all necessary tools from the STOCK TAKEDOWN SET.

### 2. Using the Thandle

- Attach the appropriate drive socket to the Thandle.
- Insert the socket into the buttstock bolt or action spring tube nut.
- Turn the Thandle counterclockwise to loosen the bolt or nut.

### 3. Using the Drive Extension

- If additional reach is needed, attach the 10" (25.4cm) drive extension to the Thandle.
- Follow the same steps as above to loosen the bolt or nut.

### 4. Using the Drag Link Bit

- Insert the drag link bit into the socket.
- Position the bit into the stock bolt hole.
- The round design will help center the blade for easier fitting.
- Turn the Thandle to remove the bolt.

### 5. Finishing Up

- Once the bolt or nut is removed, store all components properly.
- Clean the tools after use to maintain their condition.

## **Disposal Instructions**

- Dispose of any damaged or worn tools in accordance with local regulations.
- Do not dispose of tools in regular household waste.
- Consider recycling options for metal components where applicable.

## **Contact Information for Further Support**

For any safety inquiries, product concerns, or to report unsafe products, please reach out to the appropriate EU contact point or local authorities. Regularly check the EU's Safety Gate platform for updates on recalls and safety information.

By following these guidelines, you can ensure a safe and effective experience while using the STOCK TAKEDOWN SET COMPLETE STOCK TAKEDOWN SET. Thank you for your attention to safety.
