Safety Instruction Guide for 1911 Allen Head Grip Screws

Introduction

Thank you for choosing the 1911 Allen Head Grip Screws. This product is designed to enhance the appearance and functionality of your 1911 Auto pistol by preventing damage to screw heads. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Inspect the screws and wrench for any signs of damage before use. Do not use damaged components.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only the provided Allen head wrench to avoid slippage and damage to the screw heads.
- Do not overtighten the screws, as this may lead to stripping or breaking.
- Ensure that the screws are compatible with your specific 1911 model (Government, Commander, Officers).
- Store the screws and wrench in a safe place when not in use to prevent loss or injury.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including the 1911 Allen Head Grip Screws and the provided Allen head wrench.
- Ensure that the work area is clean and welllit.

2. Installation:

- Remove the old grip screws from your 1911 pistol using a compatible screwdriver, if applicable.
- Align the new Allen head grip screws with the grip panels of the pistol.
- Insert the screws and handtighten them initially to ensure proper alignment.

3. Tightening:

- Use the provided Allen head wrench to tighten the screws securely.
- Tighten each screw gradually and evenly to avoid uneven pressure on the grip panels.
- Do not exceed the recommended torque to avoid damaging the screws or the pistol.

4. Final Check:

- Once all screws are installed and tightened, check to ensure that the grip panels are secure and that there is no movement.
- Dispose of any old screws responsibly, following local regulations.

Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local waste disposal regulations.
- Do not dispose of screws in regular household waste if they are considered hazardous.
