

## **BRASS ONE CALIBER SET FOR .270 MUZZLE**

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Square Up & Chamfer Rifle and Handgun Muzzles P Brass Bore Pilot**

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one brass bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for BRASS ONE CALIBER SET FOR .270 MUZZLE

## Introduction

Thank you for choosing the BRASS ONE CALIBER SET FOR .270 MUZZLE. This product is designed to help you achieve precision in muzzle work. To ensure your safety and the effective use of this tool, please read this safety instruction guide carefully before use.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in this guide.
- Always handle the tool with care to avoid injury.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Do not use the tool if it appears damaged or if any components are missing.
- Follow all local laws and regulations regarding the use of this product.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety goggles and gloves while using the tool.
- Use the tool in a wellventilated area to avoid inhalation of any debris.
- Ensure the work area is clean and free from clutter to prevent accidents.
- Always point the cutter away from yourself and others when in use.
- Do not exceed the recommended specifications for the tool, including the material and caliber limits.
- Be cautious of sharp edges and points when handling cutters and pilots.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all components of the BRASS ONE CALIBER SET, including the cutters, handle, and brass bore pilot.
- Ensure that you are working in a safe and welllit environment.

### 2. Attaching the Cutter:

- Select the appropriate cutter (facing cutter or chamfer cutter) based on your task.
- Insert the cutter into the handle until it is securely fitted.
- Ensure the cutter is properly aligned and tightened.

### 3. Using the Cutter:

- For facing: Position the muzzle securely and apply the facing cutter at a 90° angle.
- For chamfering: Use the 45° chamfering cutter to break the edges of the rifling.
- Use consistent pressure and maintain control of the tool during operation.

### 4. Switching Pilots:

- If using a different caliber, remove the current pilot by unscrewing it from the cutter.
- Insert a new pilot that matches the caliber you are working with.
- Ensure the pilot is securely attached before proceeding.

## 5. **PostUse:**

- Clean the tool after each use to remove any debris.
- Store the tool in a safe place, preferably in its original packaging, to protect it from damage.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling components where possible, particularly brass and aluminum parts.

## **Contact Information for Further Support**

For any questions or concerns regarding the BRASS ONE CALIBER SET, please refer to the manufacturer's contact information provided on the packaging or visit the manufacturer's website.

## **Conclusion**

Following these safety instructions will help ensure a safe and effective experience with your BRASS ONE CALIBER SET FOR .270 MUZZLE. Always prioritize safety and compliance with local regulations when using this product. Thank you for your attention to safety.
