

## **BRASS ONE CALIBER SET FOR .38/.357 MUZZLE**

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Square Up & Chamfer Rifle and Handgun Muzzles P Brass Bore Pilot**

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one brass bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for BRASS ONE CALIBER SET

## Introduction

Thank you for choosing the BRASS ONE CALIBER SET for .38/.357 muzzle. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide carefully before use to minimize risks and ensure compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Follow all instructions for proper handling and use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using cutting tools.
- Handle the cutters with care to avoid cuts or injuries.
- Ensure that the work area is clean, welllit, and free from distractions.
- Do not use the cutters on materials other than specified calibers.
- Store the product in a safe place after use to prevent unauthorized access or accidental injury.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have all components of the BRASS ONE CALIBER SET: facing cutter, chamfering cutter, handle, and brass bore pilot.
- Choose the appropriate cutter based on your needs (90° facing cutter for squaring and 45° chamfering cutter for breaking edges).

### 2. Using the Facing Cutter:

- Attach the facing cutter to the handle securely.
- Align the muzzle of the firearm with the cutter.
- Rotate the cutter slowly and evenly to square the muzzle.

### 3. Using the Chamfering Cutter:

- Attach the chamfering cutter to the handle.
- Position the cutter against the edge of the rifling or revolver cylinder mouth.
- Rotate the cutter to break the edges for a clean bullet exit or quick reloads.

### 4. Using the Brass Bore Pilot:

- Insert the brass bore pilot into the muzzle to keep the cutter aligned properly.
- Ensure the pilot fits snugly to avoid misalignment during cutting.

### 5. PostUse:

- Clean the cutters and pilot after each use to remove any debris.
- Store the product in the provided polypropylene box to protect it from damage.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Recycle materials where possible, such as brass and aluminum components.

## **Contact Information for Further Support**

For any questions or concerns regarding the BRASS ONE CALIBER SET, please reach out to the designated EU-based contact for safety inquiries. Ensure you have the product details ready for a quicker response.

By following these safety instructions, you can ensure a safe and effective experience with your BRASS ONE CALIBER SET. Thank you for your attention to these important guidelines.
