

BRASS ONE CALIBER SET FOR .41 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle and Handgun Muzzles P Brass Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one brass bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for BRASS ONE CALIBER SET FOR .41 MUZZLE

Introduction

Thank you for choosing the BRASS ONE CALIBER SET for .41 muzzle. This tool is designed to assist in squaring a muzzle and chamfering edges for improved bullet exit and quick reloads. While the product is safe when used correctly, it is essential to follow these safety guidelines to ensure safe operation and to minimize any risks associated with its use.

General Safety Guidelines

- Always read the instructions carefully before using the product.
- Ensure that the work area is clean and free of obstructions.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Keep the tools out of reach of children and unauthorized users.
- Never modify the product or use it for unintended purposes.
- Regularly inspect the tools for wear or damage before use.
- Do not use the product if any part is damaged or missing.
- Report unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Handle the cutters with care to avoid cuts or injuries.
- Ensure that the cutter is properly secured in the handle before use.
- Use the tool only for its intended purpose as outlined in the product specifications.
- Avoid using excessive force when operating the cutters.
- Maintain a firm grip on the handle while using the product.
- Always cut away from your body to prevent injury.
- If you are unsure about the proper use of the tool, consult a professional or seek guidance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials.
- Ensure that the work area is welllit and organized.

2. Installing the Cutter:

- Select the appropriate cutter (90° facing cutter or 45° chamfering cutter).
- Insert the cutter into the handle until it is fully seated.
- Tighten the screw or locking mechanism to secure the cutter in place.

3. Using the Cutter:

- Position the muzzle or cylinder securely on a stable surface.
- Align the cutter with the edge you wish to square or chamfer.
- Apply gentle pressure and turn the handle in a clockwise direction.
- Check the progress frequently to ensure desired results.
- After completing the cut, remove the cutter carefully.

4. Switching Cutters:

- To switch between cutters, loosen the locking mechanism and remove the current cutter.
- Install the new cutter following the same steps as above.

5. Cleaning and Maintenance:

- After use, clean the cutters and handle with a dry cloth.
- Store the product in a cool, dry place, preferably in the provided polypropylene box.
- Regularly check for any signs of wear and replace parts as necessary.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Ensure that all components are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the BRASS ONE CALIBER SET, please reach out to the appropriate EUbased contact point or customer service representative.

By following these safety instructions, you can ensure a safe and effective experience with your BRASS ONE CALIBER SET. Thank you for your attention to these important safety guidelines.
