Safety Instruction Guide for ACRAGLAS® FLOC FIBER

Introduction

Thank you for choosing ACRAGLAS® FLOC FIBER by BROWNELLS. This product is designed for use with Acraglas and is made from fiberglass floc. To ensure safe and effective usage, please carefully read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used in a wellventilated area to avoid inhalation of dust.
- Keep the product out of reach of children and pets.
- Always wear appropriate personal protective equipment (PPE), such as gloves and a mask, when handling the product.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water and seek medical advice if irritation persists.
- Do not eat, drink, or smoke while using the product to prevent ingestion of harmful substances.
- Store the product in a cool, dry place, away from direct sunlight and moisture.

Specific Safety Precautions for Use

- Before using ACRAGLAS® FLOC FIBER, read all instructions and safety information provided.
- Do not mix with incompatible materials. Always refer to the product specifications for compatibility information.
- Use only as directed. Misuse of the product can lead to serious injury or damage.
- In case of accidental spillage, clean up immediately using appropriate methods. Dispose of waste material as per local regulations.
- If you experience any adverse reactions while using the product, discontinue use immediately and seek medical attention.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including protective gear, mixing tools, and application equipment.
- Ensure the working area is clean and free from clutter.

2. Mixing:

- Measure the required amount of ACRAGLAS® FLOC FIBER according to the instructions.
- Mix thoroughly with the appropriate resin or binder as specified in the product guidelines.

3. Application:

- Apply the mixed product evenly to the desired surface.
- Follow the recommended application techniques for best results.

4. Curing:

- Allow the product to cure as per the instructions. Do not disturb the application during the curing process.
- Ensure proper ventilation during the curing phase to avoid inhalation of fumes.

5. Cleanup:

- Clean tools and surfaces immediately after use with appropriate solvents.
- Dispose of any leftover materials according to local waste disposal regulations.

Disposal Instructions

- Dispose of the product and any waste materials in accordance with local regulations.
- Do not dispose of the product in household waste or down the drain.
- Contact local waste management authorities if you are unsure about disposal methods.

Contact Information for Further Support

For any safety inquiries or productrelated questions, please refer to the contact information provided on the packaging or the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with ACRAGLAS® FLOC FIBER. Always prioritize safety and report any unsafe conditions or incidents to the appropriate authorities. Thank you for your attention to these guidelines.
