Safety Instructions for 1 Dozen Graduated Mixing Cups

Introduction

Thank you for choosing the 1 Dozen Graduated Mixing Cups by Brownells. These mixing cups are designed for various applications, including mixing paints, adhesives, and other liquids. This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always use the mixing cups in a wellventilated area.
- Avoid using the cups for food or beverages.
- Inspect the cups before each use for any signs of damage or wear.
- Keep the mixing cups out of reach of children to prevent accidental use.
- Report any unsafe conditions or incidents involving the cups to the appropriate authorities.

Specific Safety Precautions for Use

- Use the cups only for their intended purpose. Do not exceed the maximum fill level indicated on the cups.
- Avoid using sharp objects that may scratch or damage the surface of the cups.
- Do not expose the cups to extreme temperatures, as this may cause deformation or breakage.
- If using chemicals, ensure they are compatible with the material of the mixing cups.
- Wear appropriate personal protective equipment (PPE) such as gloves and goggles when handling hazardous materials.

Instructions for Installation and Usage

1. Preparation:

- Ensure the work area is clean and free from clutter.
- Gather all necessary materials and tools before starting.

2. Using the Mixing Cups:

- Pour the desired amount of liquid into the mixing cup, ensuring not to exceed the graduated markings.
- Use a stirring tool to mix the contents thoroughly.
- After use, clean the cups with warm soapy water and rinse well. Avoid using abrasive cleaners that may scratch the surface.

3. Storage:

- Store the mixing cups in a cool, dry place away from direct sunlight.
- Stack the cups to save space, but ensure they do not become damaged during storage.

Disposal Instructions

- Dispose of the mixing cups in accordance with local regulations for plastic waste.
- If the cups are contaminated with hazardous materials, consult local waste management guidelines for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the safety of this product, please refer to the manufacturer's contact details provided on the packaging or visit their official website for more information.

By following these safety instructions, you can ensure a safe and effective experience with your 1 Dozen Graduated Mixing Cups. Thank you for your attention to these important guidelines.
