Non-Smoking Non-Fuming Odorless Flux

MARVELUX® BULLET CASTING FLUX The Brownells MARVELUX® Bullet Casting Flux is a premier choice for both professional and hobbyist bullet casters, effectively reducing dross formation and enhancing the fluidity of bullet alloys. Introduced in 1971, MARVELUX® has been a trusted flux in the bullet casting community. Its non-corrosive nature ensures that iron and steel equipment remain free from rust, and it does not produce fumes that can cause corrosion, unlike sal-ammoniac-based fluxes. Regular use of MARVELUX® keeps casting pots clean and rust-free. Additionally, it is non-smoking, flameless, and odorless, providing a safer and more pleasant casting experience. MARVELUX® is superior to traditional fluxes like beeswax, tallow, paraffin, and rosin, as it doesn't emit unpleasant odors during use. Key Features: Non-Corrosive: Safe for iron and steel, preventing rust formation. Fume-Free: Does not emit corrosive fumes, ensuring a safer casting environment. Reduces Dross Formation: Enhances the fluidity of bullet alloys for better fill-out. User-Friendly: Non-smoking, flameless, and odorless, improving the casting experience. Specifications: Available Sizes: ½ lb. (8oz / 226g), 1 lb. (16oz / 453g), and 4 lb. (64oz / 1.8kg) jars. Application: Suitable for any lead alloy melt intended for casting bullets or swaging cores. Incorporating Brownells MARVELUX® Bullet Casting Flux into your bullet casting process ensures cleaner melts and higher-quality bullets, making it an essential component for achieving optimal casting results.

Attributes

- Name: [MARVELUX BULLET CASTING FLUX 16OZ 12 PACK](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 083030102
- Mfr. No.:
- Color: Yellow
- Container Size: 16 oz
- Weight: 1 lb
- Quantity: 12
- Delivery weight: 6.26kg
- Shipping height: 239mm
- Shipping width: 206mm
- Shipping length: 287mm
- UPC: 050806014343

MARVELUX® Bullet Casting Flux Safety Instruction Guide

Introduction

Welcome to the safety instruction guide for the MARVELUX® Bullet Casting Flux. This guide provides essential information to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read and follow these guidelines carefully to maximize safety and effectiveness during use.

General Safety Guidelines

- **Product Safety:** Ensure safe handling and use of the MARVELUX® Bullet Casting Flux. This product is designed for nonfood applications and adheres to EU safety standards.
- **Enhanced Recalls:** Stay informed about product recalls. In the event of a safety issue, standardized recall notices will be issued, and remedies will be provided free of charge.
- **Online Shopping Protections:** If purchasing online, be assured that the same safety protections apply as in physical stores.
- **Special Consumer Focus:** Extra precautions are advised for vulnerable groups, including children. Keep this product out of reach of children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for timely updates on any unsafe products.

Specific Safety Precautions for Use

- **Avoid Inhalation:** Although MARVELUX® is nonsmoking and odorless, ensure adequate ventilation when using this product to minimize any potential inhalation risks.
- **Protective Gear:** Always wear appropriate protective gear, including gloves and safety goggles, when handling the flux to prevent skin and eye irritation.
- **Storage:** Store the product in a cool, dry place away from direct sunlight and heat sources. Ensure the container is tightly sealed when not in use.
- **Handling:** Do not use the product near open flames or high temperatures. Keep away from incompatible materials.
- **First Aid:** In case of contact with skin or eyes, rinse immediately with plenty of water and seek medical attention if irritation persists.

Instructions for Installation and Usage

- **Preparation:** Before using MARVELUX® Bullet Casting Flux, ensure that your casting pot is clean and free from any previous contaminants.
- **Usage:**
 - Add MARVELUX® Bullet Casting Flux to the molten lead alloy according to the recommended usage instructions.
 - Stir gently to ensure even distribution throughout the melt.
 - Monitor the melt temperature to ensure optimal fluidity and reduce dross formation.
- **PostUse Care:** After casting, clean your equipment thoroughly to prevent residue buildup and rust formation. Regular maintenance will enhance the longevity of your tools.

Disposal Instructions

- **Disposal:** Dispose of any unused or waste flux in accordance with local regulations. Do not dispose of it in household waste or down the drain.
- **Environmental Considerations:** Ensure that disposal methods do not harm the environment. Check

with local waste management authorities for proper disposal guidelines.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of MARVELUX® Bullet Casting Flux, please refer to the manufacturer's contact information provided with the product packaging or on their official website.

By following these guidelines, you can ensure a safe and effective experience while using MARVELUX® Bullet Casting Flux. Thank you for prioritizing safety in your bullet casting activities.
