

# TANK SOLVENT, 1 GALLON

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Solvents](#)

## Dissolves Grime, Crud, In Scrub Or Soak Tanks

High grade, petroleum-based solvent formulated for bench top Cleaning Stations, or any convenient bucket. Use for slow soak dunk and scrub, or any way you like. Contains special organic additives designed to dissolve that gummy combination of powder fouling, dirt and old gun oil, then hold the crud in suspension so it flushes away easily. Leaves a slightly oily coating to protect against rust. Almost odorless. Stable and non-corrosive. Extremely slow evaporation; stays in your tank. Removes easily with Dicro-Clean 909™; won't mess up future bluing/plating jobs. Can damage paint, plastic and some stock finishes.

Cannot ship outside Continental United States. Ship UPS Ground only within U.S.

## Attributes

- Name: [TANK SOLVENT, 1 GALLON](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 083034128

# TANK SOLVENT Safety Instruction Guide

## Introduction

Welcome to the safety instruction guide for TANK SOLVENT, a highgrade, petroleumbased solvent designed for cleaning applications. This guide provides essential safety information to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure safe use of TANK SOLVENT by following these guidelines:
  - Read and understand all labels and safety data sheets before use.
  - Store the product in a cool, dry place away from direct sunlight and heat sources.
  - Keep out of reach of children and pets.
  - Use in wellventilated areas to minimize inhalation of vapors.
  - Avoid contact with skin and eyes; use appropriate personal protective equipment (PPE).

## Specific Safety Precautions for Use

- When using TANK SOLVENT, observe the following precautions:
  - Do not use near open flames, sparks, or any ignition sources.
  - Avoid prolonged exposure to vapors; use a mask if necessary.
  - Do not mix with other chemicals unless specified by the manufacturer.
  - Be cautious of surfaces that may be damaged; can harm paint, plastic, and some stock finishes.
  - In case of skin contact, wash thoroughly with soap and water.

## Instructions for Installation and Usage

- To use TANK SOLVENT effectively:
  1. Prepare your cleaning area by ensuring good ventilation.
  2. Pour the solvent into a suitable container (bucket or cleaning station).
  3. Submerge the items to be cleaned, allowing them to soak as needed.
  4. Use a brush or cloth to scrub away dirt and fouling.
  5. Rinse items thoroughly after cleaning with DicroClean 909™ to remove any residue.
  6. Dispose of used solvent according to local regulations.

## Disposal Instructions

- Proper disposal of TANK SOLVENT is crucial:
  - Do not pour down drains or dispose of in regular trash.
  - Check local regulations for hazardous waste disposal.
  - Use designated hazardous waste collection points if available.

## Contact Information for Further Support

For any safety inquiries or further assistance regarding TANK SOLVENT, please consult the product packaging or your local regulatory authority for guidance.

By adhering to these safety instructions, you can ensure the safe and effective use of TANK SOLVENT while minimizing risks to yourself and others. Always stay informed and vigilant about product safety.
