## **Introduction**

Thank you for choosing the Brownells Manilla Gun Price Tags. These tags are designed to help you and your employees manage pricing and details for firearms in your shop. This safety instruction guide provides essential information on the safe use, installation, and disposal of these tags, ensuring compliance with the EU General Product Safety Regulation (GPSR).

## **General Safety Guidelines**

- Ensure that the tags are used solely for their intended purpose of marking gun prices and details.
- Avoid using the tags in conditions that may expose them to excessive moisture or extreme temperatures, which could affect their durability.
- Keep tags out of reach of children and vulnerable individuals to prevent any potential hazards, such as choking or misuse.
- Regularly inspect tags for wear and tear. Replace any damaged tags to maintain clear communication of pricing and information.

## **Specific Safety Precautions for Use**

- Handle the tags carefully to avoid tearing or damaging them during use.
