

STANDARD LINE NYLON SHOTGUN BORE BRUSHES - BROWNELLS

STANDARD LINE BRUSH, NYLON, 20 GAUGE SHOTGUN, 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks SPECS: Available in nylon. Shank: Steel, looped and wound Overall length: 2-7/8" (7.3cm) Threads: 5/16"-27 male

Safety Instruction Guide for STANDARD LINE NYLON SHOTGUN BORE BRUSHES

Introduction

Thank you for choosing the STANDARD LINE NYLON SHOTGUN BORE BRUSHES by BROWNELLS. This guide provides essential safety information and instructions to ensure the safe use of these bore brushes. Please read this guide carefully before use to minimize risks and ensure a safe experience.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Store the bore brushes out of reach of children and vulnerable individuals.
- Inspect the bore brushes before each use. Do not use if damaged.
- Follow all local regulations regarding the use and disposal of cleaning products and tools.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when cleaning firearms to prevent injury from debris or cleaning solutions.
- Use the bore brushes in a wellventilated area to avoid inhaling any fumes from cleaning agents.
- Do not apply excessive force when using the bore brushes to prevent damage to the firearm and ensure user safety.
- Keep the brushes away from open flames and heat sources, as some cleaning agents may be flammable.
- Be cautious of sharp edges or points on the brushes that may cause cuts or punctures.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including cleaning solvents and a cleaning rod.

2. Installation:

- Attach the bore brush to the cleaning rod by screwing it into the rod's threaded end.
- Ensure the brush is securely fastened before proceeding.

3. Usage:

- Insert the bore brush into the firearm's barrel gently.
- Move the brush back and forth in a smooth motion to clean the bore effectively.
- After cleaning, remove the brush from the barrel and inspect for any debris.
- Clean the brush with a suitable solvent after use to maintain its condition.

4. PostUse:

- Store the bore brushes in a dry place, away from children and pets.
- Regularly check the brushes for wear and replace them as necessary.

Disposal Instructions

- Dispose of any used cleaning solvents and brushes in accordance with local regulations.
- Do not dispose of the brushes in regular household waste if they are contaminated with hazardous materials.
- Check local guidelines for specific disposal methods for cleaning products and tools.

Contact Information for Further Support

For further assistance, please refer to the manufacturer's website or customer service for any inquiries regarding the product.

By following these guidelines and instructions, you can ensure a safe and effective cleaning process for your firearms. Thank you for your attention to safety!
