

STANDARD LINE NYLON SHOTGUN BORE BRUSHES - BROWNELLS

STANDARD LINE BRUSH, NYLON, 28 GAUGE SHOTGUN, 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks SPECS: Available in nylon. Shank: Steel, looped and wound Overall length: 2-7/8" (7.3cm) Threads: 5/16"-27 male

Safety Instruction Guide for STANDARD LINE NYLON SHOTGUN BORE BRUSHES

Introduction

Thank you for choosing the STANDARD LINE NYLON SHOTGUN BORE BRUSHES by BROWNELLS. This guide provides essential safety instructions, usage guidelines, and disposal information to ensure safe and effective use of the product. Please read this guide carefully before using the bore brushes.

General Safety Guidelines

- Ensure that the bore brushes are used only for their intended purpose.
- Keep the bore brushes out of reach of children and vulnerable individuals.
- Inspect the bore brushes for any visible damage before use. Do not use damaged brushes.
- Always wear appropriate safety gear, such as eye protection, when using bore brushes.
- Be aware of your surroundings and ensure that no one is in the vicinity when cleaning firearms.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

Specific Safety Precautions for Use

- Use the bore brushes only with compatible firearms and ammunition types.
- Do not apply excessive force while using the bore brushes to avoid damaging the firearm.
- Avoid using the bore brushes on hot surfaces or immediately after firing to prevent burns.
- Keep the bore brushes clean and free from debris to maintain their effectiveness.
- Store the bore brushes in a dry and cool place to prevent deterioration of materials.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the bore brush, cleaning rod, and cleaning solvent.

2. Attaching the Bore Brush:

- Select the appropriate bore brush for your firearm's gauge (28 Gauge).
- Attach the bore brush to the cleaning rod by screwing it securely into place.

3. Cleaning the Bore:

- Apply a suitable cleaning solvent to the bore brush.
- Insert the bore brush into the firearm's barrel from the breech end (if applicable).
- Gently push the bore brush through the barrel, using a backandforth motion.
- Repeat this process several times to ensure thorough cleaning.

4. Final Steps:

- After cleaning, remove the bore brush from the barrel.
- Wipe the barrel with a clean, dry cloth to remove any remaining solvent or debris.
- Store the bore brush and cleaning supplies in a designated area.

Disposal Instructions

- Dispose of any used or damaged bore brushes in accordance with local waste disposal regulations.
- Do not dispose of bore brushes in a manner that could pose a risk to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the use of the STANDARD LINE NYLON SHOTGUN BORE BRUSHES, please reach out to the appropriate customer support channels provided by the manufacturer.

By following these safety instructions and guidelines, you can ensure the safe and effective use of the STANDARD LINE NYLON SHOTGUN BORE BRUSHES. Thank you for your attention to safety and for choosing our product.
