

# STANDARD LINE NYLON SHOTGUN BORE BRUSHES - STANDARD LINE BRUSH, NYLON, .410 BORE SHOTGUN, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks SPECS: Available in nylon. Shank: Steel, looped and wound Overall length: 2-7/8" (7.3cm) Threads: 5/16"-27 male

# Safety Instruction Guide for STANDARD LINE NYLON SHOTGUN BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE NYLON SHOTGUN BORE BRUSHES. This guide provides essential safety information to ensure the proper and safe use of the product. It is important to read and understand these instructions before using the bore brushes.

## General Safety Guidelines

- Ensure safe use of the product by following these guidelines:
  - Always use the bore brushes as intended.
  - Keep the brushes out of reach of children and vulnerable individuals.
  - Inspect the brushes before each use for any signs of damage or wear.
  - Do not use the brushes if they are damaged.
- In case of an accident or unsafe product use, report it to the relevant authorities immediately.
- Regularly check for any recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- To avoid potential hazards, please adhere to the following precautions:
  - Use only with compatible shotgun bore sizes (.410 bore).
  - Do not force the brushes into the bore; they should fit snugly but not require excessive force.
  - Avoid using the brushes with abrasive cleaning solutions that may damage the nylon bristles.
  - Wear safety goggles to protect your eyes from debris when cleaning the bore.
  - Store the brushes in a dry place to prevent rusting of the steel shank.

## Instructions for Installation and Usage

- Follow these steps for the proper installation and use of the bore brushes:
  - 1. Preparation:**
    - Ensure the shotgun is unloaded and pointed in a safe direction.
    - Gather necessary cleaning supplies including the bore brush.
  - 2. Installation:**
    - Attach the bore brush to a cleaning rod.
    - Ensure the threads of the rod match the threads of the brush (5/16"27 male).
  - 3. Usage:**
    - Insert the bore brush into the shotgun bore.
    - Gently twist and push the brush through the bore to remove fouling.
    - Repeat as necessary, but avoid excessive scrubbing to prevent damage.
  - 4. PostUse:**
    - After cleaning, remove the brush and inspect it for wear.

- Clean the brush with a suitable solvent to remove any residue.
- Store the brush in a protective case or in a dry location.

## **Disposal Instructions**

- Dispose of the bore brushes responsibly:
  - Do not dispose of in regular household waste.
  - Check local regulations for proper disposal of cleaning supplies and materials.
  - Consider recycling options if available for the materials used in the brushes.

## **Contact Information for Further Support**

- For safety inquiries or additional support, please contact the manufacturer directly.
- Ensure you have the product details ready for quicker assistance.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our priorities. Enjoy using your STANDARD LINE NYLON SHOTGUN BORE BRUSHES responsibly.
