

# HEAVY WEIGHT NYLON CENTERFIRE RIFLE BORE BRUSH - HEAVY WEIGHT NYLON RIFLE BRUSH 44/45 CALIBER 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Super-aggressive, nylon brush makes short work of stubborn bore deposits. Extra-stiff, large diameter bristles are safe on rifling and smoothbore surfaces. Won't deteriorate when used with your favorite solvent. Strong, one-piece, looped and wound brass shank and coupling prevents scratching. SPECS: Bristles: Heavy weight (HW) nylon. Shank: Brass, looped and wound. Overall Length: 3.26" (8.3cm) Thread: 8-32 male

# Safety Instruction Guide for Heavy Weight Nylon Centerfire Rifle Bore Brush

## Introduction

Thank you for choosing the Heavy Weight Nylon Centerfire Rifle Bore Brush. This product is designed to help you effectively clean your rifle bore while ensuring safety and ease of use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that you are using this product in a wellventilated area.
- Always wear appropriate eye protection when cleaning your rifle.
- Keep this product out of reach of children and pets.
- Avoid using excessive force when cleaning to prevent damage to the bore.
- Regularly inspect the bore brush for any signs of wear or damage before use.
- Follow the manufacturer's instructions regarding the use of solvents and cleaning agents.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- The bristles are made of heavy weight nylon, which can be stiff and may cause scratches if used improperly.
- The brass shank and coupling can become hot if used for extended periods; handle with care.

- **Instructions for Avoiding Hazards:**

- Use the brush gently to avoid scratching the bore or damaging the rifling.
- Do not use the brush with solvents that are not compatible with nylon.
- Ensure the rifle is unloaded and pointed in a safe direction before cleaning.
- Avoid using the brush on firearms that are not designed for the specified calibers (44 and 45).

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your rifle is completely unloaded and in a safe position.
- Gather all necessary cleaning materials, including the bore brush, cleaning solvent, and a cleaning rod.

### 2. Installation:

- Attach the bore brush to the cleaning rod by screwing it onto the end.
- Ensure it is securely fastened to prevent detachment during use.

### 3. Usage:

- Apply a suitable cleaning solvent to the bore brush.
- Insert the bore brush into the rifle bore gently.
- Use a smooth, steady motion to push the brush through the bore from the chamber to the muzzle.
- Repeat the process as necessary, cleaning the brush periodically to remove debris.
- After cleaning, ensure all solvent is removed from the bore.

#### **4. PostUsage Care:**

- Clean the bore brush with warm water and mild soap to remove any solvent residue.
- Store the bore brush in a dry place, away from direct sunlight.

## **Disposal Instructions**

- Dispose of the bore brush in accordance with local regulations.
- Do not dispose of the brush in a manner that could harm the environment.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the use of this product, please consult the manufacturer's website or customer support. Always ensure you have the latest safety information and updates.

Thank you for your attention to these safety instructions. Your safety and the effective use of this product are our top priorities. Happy shooting!
