

# 1911 45ACP STAINLESS STEEL MAGAZINES 8 ROUND - ED BROWN 8-ROUND MAGAZINE

[Magazines](#) > [Handgun Magazines](#) > [Magazines](#)

Engineered as a true 8 round magazine, this magazine has all the features of the original Ed Brown 7 round magazine that has proven itself over the last century. Features that you know it should have, like a steel follower, heavy duty spring, and super-tough base pad. The magazine tube has been lengthened and the base pad wraps around securely, to properly accommodate the 8th round while keeping the original ultra-reliable follower design. The integral base pad easily removes for disassembly and cleaning of the magazine. A special finish process makes this magazine tube and follower very slick, while staying dry to repel dirt and burnt powder. This makes it super easy to load and insert in the gun by eliminating any extra friction against the follower. The non-slip, oversized base pad allows for a secure grip no matter what the conditions. The 88 blank number templates on the bottom allows you to easily number and track usage of your mags from 0 up to 99 if you desire (think digital numbers on a standard alarm clock). If you want the most reliable, highest quality 8 round magazine you can buy, look no further! Available in a stainless steel finish or Black Nitride for a durable, low glare, non-reflective finish

## Attributes

- Name: [ED BROWN 8-ROUND MAGAZINE](#)
- Manufacturer: [ED BROWN](#)
- Product no.: 087000051

# Safety Instruction Guide for 1911 45ACP Stainless Steel Magazines

## Introduction

Thank you for choosing the 1911 45ACP Stainless Steel Magazines. This guide provides essential safety information to ensure the safe use and maintenance of your magazine. Please read and understand this guide before using the product.

## General Safety Guidelines

- Ensure that the magazine is compatible with your firearm model (1911 Government or Commander).
- Always handle the magazine and firearm with care, treating them as if they are loaded.
- Keep the magazine out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm and magazine use.
- Be aware of your surroundings and ensure that you are in a safe environment when loading or unloading the magazine.

## Specific Safety Precautions for Use

- Before loading the magazine, ensure that the firearm is in a safe condition (e.g., safety on, unloaded).
- Inspect the magazine for any signs of damage or wear before use. Do not use a damaged magazine.
- Always load the magazine in accordance with the manufacturer's instructions.
- Do not exceed the magazine's capacity of 8 rounds.
- Avoid forcing rounds into the magazine; this may cause jams or malfunctions.
- When inserting the magazine into the firearm, do so with a firm and steady motion.
- Always keep your finger off the trigger until you are ready to shoot.
- If the magazine fails to feed properly, remove it from the firearm and inspect it for issues.

## Instructions for Installation and Usage

### 1. Loading the Magazine:

- Hold the magazine with the base pad facing down.
- Insert the first round into the magazine, ensuring it is seated properly.
- Continue adding rounds until the magazine is full (8 rounds).
- Ensure the follower is moving freely and that there is no obstruction.

### 2. Inserting the Magazine into the Firearm:

- Ensure the firearm is pointed in a safe direction.
- With the magazine in hand, align it with the magazine well of the firearm.
- Push the magazine firmly into the well until it clicks into place.

### 3. Removing the Magazine:

- To remove the magazine, press the magazine release button on the firearm.
- Pull the magazine out of the magazine well while keeping the firearm pointed in a safe direction.

### 4. Cleaning and Maintenance:

- Regularly clean the magazine to ensure optimal performance.
- Disassemble the magazine by removing the base pad for thorough cleaning.

- Use a soft cloth and appropriate cleaning solution to remove dirt and debris.
- Allow the magazine to dry completely before reassembly.

## Disposal Instructions

- Dispose of the magazine responsibly in accordance with local regulations.
- If the magazine is damaged beyond repair, consider recycling the metal components where possible.
- Do not dispose of the magazine in regular household waste.

## Contact Information for Further Support

For any safety inquiries or product support, please refer to the relevant authorities or your point of purchase. Always stay informed about product recalls and safety updates through official channels.

## Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your 1911 45ACP Stainless Steel Magazine. Always prioritize safety and stay informed about best practices. Thank you for your attention to these important guidelines.
