## A Reliable, Robust Mag for Your "Other Caliber" 1911

For many years, the 1911 Government Model has been available in chamberings for cartridges other than its original .45 ACP, including .38 Super, 9mm Luger, and the potent 10mm Auto. The folks at the Ed Brown shop figure that just because your 1911 is chambered in one of these alternate cartridges shouldn't mean you have to sacrifice magazine reliability. Like Ed Brown's .45 magazines, their alternate caliber 1911 mags have a virtually seamless body of heat-treated stainless steel, with a self-levelling STEEL - not plastic! - follower supported by a heavy duty spring with plenty of oomph to keep the round stack moving. These 1911 Government Model magazines have a welded-on steel baseplate to minimize bulk for situations where you want to keep thing compact. Each mag comes with a pair of screw-on rubber base pads - a thin pad to protect that mag when ejecting it on hard ground, and a thick pad to provide extra length to aid insertion into and removal from a pistol with an extended magwell. These mags can go from competition to concealed carry simply by swapping the base pads. Models for pistols chambered in .38 Super, 9mm Luger, and 10mm Auto 9-Rd capacity Sturdy 410 stainless steel body / welded-on base plate Available with natural Silver finish or Black Nitride Witness holes for easy monitoring of load status The Ed Brown shop's unique hydro-finish process gives the mag body and follower an extra-slick surface that repels dirt, dust, and burned powder to eliminate unnecessary friction against the follower to ensure consistent feeding and easy seating in the magwell. You can get these 1911 Government Model magazines with a natural Silver finish or a non-reflective Black Nitride finish for extra protection from and corrosion. If you're looking for a premium-quality magazine engineered and manufactured to the highest standards to deliver outstanding reliability and smoothness from your "other caliber" 1911 Government model... you've found it!

## Attributes

# Safety Instruction Guide for 1911 GOV'T MODEL MAGAZINES ED BROWN GOV'T MAGAZINE 9MM 9RD STAINLESS

## Introduction

Thank you for choosing the Ed Brown 1911 Government Model Magazine. This guide provides essential safety instructions to ensure the safe use, installation, and disposal of your magazine. It is important to follow these guidelines to maintain safety and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure the magazine is compatible with your specific 1911 Government Model firearm.
- Always handle the magazine with care to prevent injury.
- Keep the magazine out of reach of children and vulnerable individuals.
- Regularly inspect the magazine for signs of wear or damage before use.
- Do not use the magazine if it shows any signs of damage or malfunction.
- Follow all local laws and regulations regarding firearm accessories.

## Specific Safety Precautions for Use

- Always ensure your firearm is unloaded before inserting or removing the magazine.
- Use the magazine only with the specified cartridge (.38 Super, 9mm Luger, or 10mm Auto).
- Avoid exposing the magazine to extreme heat or corrosive environments.
- Do not attempt to modify or alter the magazine in any way.
- Store the magazine in a cool, dry place when not in use.
- If you experience feeding issues, check the magazine for obstructions or damage.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is pointed in a safe direction and is unloaded.
- Align the magazine with the magazine well of the firearm.
- Firmly insert the magazine until it clicks into place.
- Ensure the magazine is securely locked in the firearm.

### 2. Usage:

- When loading the magazine, use the provided rubber base pads for better grip and support.
- Load the magazine to its maximum capacity (9 rounds) for optimal performance.
- When ejecting the magazine, do so with caution to prevent it from falling on hard surfaces.
- After use, remove the magazine from the firearm and store it safely.

## Disposal Instructions

- Dispose of the magazine in accordance with local regulations for metal recycling.
- Do not dispose of the magazine in regular household waste.
- If the magazine is damaged beyond use, contact local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and use of your Ed Brown 1911 Government Model Magazine, please refer to the contact information provided by the retailer or manufacturer.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of your Ed Brown 1911 Government Model Magazine. Always prioritize safety and compliance with applicable laws and regulations. Thank you for your attention to these important guidelines.
