

ANGLE COSINE INDICATOR RING CAPS - BADGER ORDNANCE 30MM ACI RING CAP

[Home](#)

Lets You Mount a Cosine Indicator Directly to Scope

Badger Ordnance's ACI Ring Cap enables you to mount an angle cosine indicator (ACI) directly to your scope. The ACI Ring Cap quickly replaces the cap on your Badger Ordnance scope rings. The ACI Ring Cap gives you an instantaneous, unobstructed view of your ACI to read uphill and downhill trajectory angles with just a glance of your eyes. Separate models for Badger Ordnance 30mm (4-screw) scope rings. Screws not included - reuse the cap screws that came with your rings. Machined 6061 T6 aluminum, hardcoat anodized, matte black. Badger's ACI Ring Caps accept popular angle cosine indicators such as those from Sniper Design Tools (#100-001-423 and #100-003-770). NOTE: Angle cosine indicators sold separately.

Safety Instruction Guide for Badger Ordnance 30mm ACI Ring Cap

Introduction

Thank you for choosing the Badger Ordnance 30mm ACI Ring Cap. This product is designed to enhance your shooting experience by allowing you to mount an angle cosine indicator (ACI) directly to your scope. To ensure the safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always ensure that the ACI Ring Cap is compatible with your specific Badger Ordnance scope rings.
- Inspect the ACI Ring Cap for any damage or defects before each use.
- Do not exceed the manufacturer's recommended weight limit for attached accessories.
- Keep the product out of reach of children and unauthorized users.
- Use the ACI Ring Cap only for its intended purpose.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the ACI is securely mounted to the ACI Ring Cap before use.
- Avoid using the ACI Ring Cap in extreme weather conditions, such as heavy rain or high winds, which may affect its performance.
- Do not attempt to modify or alter the ACI Ring Cap in any way.
- Always use the cap screws that came with your scope rings; do not use screws from other products.
- When reading the ACI, ensure that your line of sight is unobstructed to avoid misinterpretation of trajectory angles.

Instructions for Installation and Usage

1. Installation:

- Remove the existing cap from your Badger Ordnance scope rings.
- Align the ACI Ring Cap with the mounting points on the scope rings.
- Secure the ACI Ring Cap in place using the cap screws provided with your scope rings. Ensure that the screws are tightened adequately, but do not overtighten.
- Attach your angle cosine indicator to the ACI Ring Cap according to the manufacturer's instructions.

2. Usage:

- To read the ACI, simply glance at the indicator mounted on the ACI Ring Cap.
- Ensure that you are in a stable shooting position to accurately read the uphill or downhill trajectory angles.
- Regularly check that the ACI is functioning properly and securely attached.

Disposal Instructions

- Dispose of the ACI Ring Cap in accordance with local regulations for aluminum products.
- Do not dispose of the ACI Ring Cap in regular household waste if it is damaged or broken. Instead, take it to a designated recycling center.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Badger Ordnance 30mm ACI Ring Cap, please consult the manufacturer's website or contact their customer service team.

Please remember that your safety is paramount. Following these guidelines will help ensure a safe and enjoyable experience with your Badger Ordnance ACI Ring Cap. Thank you for your attention to these important safety instructions.
