

# MILITEC-1 OIL - MILITEC NEEDLE APPLICATOR

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

## Prevents Jams, Corrosion, & Firearm Failure

Synthetic-based metal conditioner provides constant, self-lubricating protection for your metal parts to ensure reliable functioning in extreme conditions. Actually becomes part of the metal; the heat from normal firing of your gun molecularly bonds the material to the gun metal.

## Attributes

- Name: [MILITEC NEEDLE APPLICATOR](#)
- Manufacturer: [MILITEC](#)
- Product no.: 100001421
- Mfr. No.: NONE

# MILITEC1 OIL MILITEC NEEDLE APPLICATOR Safety Instruction Guide

## Introduction

Thank you for choosing MILITEC1 OIL with the MILITEC NEEDLE APPLICATOR. This syntheticbased metal conditioner is designed to provide constant, selflubricating protection for your metal parts, ensuring reliable functioning even in extreme conditions. This guide provides essential safety information to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that you read and understand all safety instructions before using the product.
- Always store the product in a cool, dry place, away from direct sunlight and heat sources.
- Keep the product out of reach of children and vulnerable individuals.
- In case of accidental ingestion or contact with eyes, seek medical assistance immediately.
- Regularly check for any product recalls or safety alerts via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use the product only for its intended purpose as a metal conditioner and lubricant.
- Avoid inhaling vapors; use in a wellventilated area.
- Wear protective gloves and eyewear when applying the product to prevent skin and eye contact.
- Do not apply the product near open flames or sources of ignition.
- Dispose of any excess product and containers in accordance with local regulations.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the surface of the metal parts is clean and free from dirt and debris.
- Shake the bottle gently before use to ensure proper mixing.

### 2. Application:

- Remove the cap from the MILITEC NEEDLE APPLICATOR.
- Apply a small amount of MILITEC1 OIL directly onto the metal surface using the needle applicator for precision.
- Allow the oil to penetrate the metal, ensuring even coverage.

### 3. PostApplication:

- Wipe away any excess oil with a clean cloth.
- Ensure the metal parts are allowed to dry before use.

## Disposal Instructions

- Dispose of the product and its container in accordance with local waste management regulations.
- Do not dispose of the product in household waste or down the drain.
- Check local guidelines for hazardous waste disposal if applicable.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the appropriate EU contact points or relevant authorities.

By following these safety instructions, you can ensure the safe and effective use of MILITEC1 OIL with the MILITEC NEEDLE APPLICATOR. Thank you for your attention to safety!
