

# RECEIVER MOUNT SHOTSHELL HOLDER - MESA TACTICAL PRODUCTS SM 6-ROUND SHOTSHELL HOLDER FITS MOSS 500/590

[Shooting Accessories](#) > [Speedloaders & Accessories](#) > [Shotgun Shell Holders](#)

## Puts Extra Shotshells Right Where You Need Them For Fast Loading

Rugged and lightweight, aluminum shell holders put extra 12 gauge shotshells on the left side of the receiver for fast tactical reloads. Shells are held in place with a unique, internal Santoprene™ elastomer rib that securely retains even heavy slug shells during vigorous movement or heavy recoil. Available in sidemount (SM) or Picatinny rail (PR) configurations. All necessary installation hardware, tools, and instructions included. Remington Sidemount is available in 4-, 6-, and 8-round capacities and uses steel-on-steel, threaded adapters that replace the trigger group pins to anchor the shell holder securely to the receiver. Remington 870 shotguns require a shortened, tactical-style forend to accommodate 6- and 8-round sidemount units. Remington 1100/11-87 require minor forend alterations to fit the 8-round model. Remington Picatinny is a 6-round model that features an integral Picatinny rail for mounting sights, optics, or other accessories. Wraps around the top and mounts to both sides of the receiver using the same type of attaching system as the sidemount model. Fits Remington 1100/11-87 without modification; requires use of shorter than factory length forearm when used with Remington 870. Mossberg Sidemount is a 6-round unit that attaches in the same manner as the Remington Sidemount. Fits Mossberg 500/590. Mossberg 500 Sureshell Carrier attaches to top mount. Benelli Picatinny models include an integral Picatinny rail and mount to the top of factory drilled/tapped receivers. Available in 6-round for Benelli M1/M2 (requires drilling/tapping receiver for M1), 6- and 8-round for M4/M1014, and 4-round for Supernova shotguns. Mossberg 930 sidemount attaches to the left side of the receiver. Mossberg Picatinny is a 6-round model that features a top Picatinny rail and attaches the same as the Sidemount model. Versamax is a 6-round model that features a top Picatinny rail and attaches to the receiver.

## Attributes

- Name: [MESA TACTICAL PRODUCTS SM 6-ROUND SHOTSHELL HOLDER FITS MOSS 500/590](#)

# Safety Instruction Guide for Receiver Mount Shotshell Holder

## Introduction

Thank you for choosing the Receiver Mount Shotshell Holder from Mesa Tactical Products. This product is designed to enhance your shotgun's capacity and facilitate quick tactical reloads. To ensure your safety and the optimal performance of this product, please read and follow the instructions and guidelines provided in this manual.

## General Safety Guidelines

- Always handle firearms and ammunition with care and respect.
- Ensure that the shotshell holder is compatible with your specific shotgun model before installation.
- Regularly inspect the shotshell holder for wear or damage. Do not use if damaged.
- Keep the shotshell holder and ammunition out of reach of children and unauthorized users.
- Use only approved ammunition types as specified by the shotgun manufacturer.
- Follow all local laws and regulations regarding firearm and ammunition storage and use.
- In case of any malfunctions or safety concerns, consult a qualified gunsmith or contact the manufacturer.

## Specific Safety Precautions for Use

- Ensure that the shotgun is unloaded before attaching or detaching the shotshell holder.
- Always verify the secure attachment of the shotshell holder before use.
- Avoid excessive force when loading or unloading shotshells to prevent injury or damage.
- Do not attempt to modify the shotshell holder or your shotgun in ways that are not recommended by the manufacturer.
- Be aware of your surroundings and ensure a clear line of sight when reloading during use.
- Use proper eye and ear protection when shooting.

## Instructions for Installation and Usage

### Installation Steps

1. **Gather Required Tools:** Ensure you have all necessary tools and installation hardware included in the package.
2. **Prepare the Shotgun:** Ensure the shotgun is unloaded and pointed in a safe direction.
3. **Remove Existing Hardware:** If applicable, remove any existing hardware from the shotgun's receiver.
4. **Attach the Shotshell Holder:**
  - For Remington models, align the threaded adapters with the trigger group pins and secure them in place.
  - For Mossberg models, attach the holder to the left side of the receiver as per the included instructions.
  - For Picatinny models, mount the holder to the top of the receiver using the provided rail.
5. **Securely Fasten:** Ensure all screws and attachments are tightly fastened but do not overtighten, which may cause damage.
6. **Final Inspection:** Doublecheck that the shotshell holder is securely attached and that there are no loose parts.

### Usage Guidelines

- Load shotshells into the holder with the open end facing down for optimal retention.
- When reloading, maintain a firm grip on the shotgun and ensure your other hand is clear of the action.
- After use, unload the shotgun and remove the shotshell holder if desired.

## Disposal Instructions

- Dispose of any damaged or worn shotshell holders in accordance with local waste disposal regulations.
- Do not attempt to disassemble the shotshell holder for disposal.
- If the product is no longer needed, consider recycling the aluminum components where facilities are available.

## Contact Information for Further Support

For any questions regarding the installation, usage, or safety of the Receiver Mount Shotshell Holder, please refer to the manufacturer's contact information provided on the packaging or in the user manual.

Thank you for prioritizing safety and following the guidelines outlined in this manual. Your responsible use of this product contributes to a safer shooting experience.
