Reduces Weight Without Compromising Accuracy

Drop-in, .22 LR target barrel features a premium, button-rifled, chrome moly liner installed in a lightweight aluminum shell to achieve match grade accuracy and reduced weight. Deep, CNC machined flutes help keep barrel weight to 1 lb., plus increase rigidity and overall surface area for improved heat dissipation. Hardcoat anodized surface delivers added strength and abrasion resistance. Versatile, 1-16" twist rifling stabilizes a wide variety of hunting and match ammunition. Installation may require alteration to factory stock.

Safety Instruction Guide for RUGER® 10/22® XRING BARRELS

Introduction

Thank you for choosing the RUGER® 10/22® XRING BARRELS by Tactical Solutions, LLC. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your new barrel. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that all users are familiar with the safe handling and operation of firearms.
- Always treat every firearm as if it is loaded.
- Store the barrel and any associated firearms securely and out of reach of children and unauthorized users.
- Regularly inspect the barrel for damage or wear before use.
- Follow all local laws and regulations regarding firearm usage and modifications.

Specific Safety Precautions for Use

- Ensure that the barrel is compatible with your firearm model before installation.
- Use only .22 LR ammunition that is in good condition and suitable for your specific firearm.
- Avoid using the barrel in wet or humid conditions to prevent corrosion.
- Do not exceed the recommended ammunition specifications for your barrel.
- Always wear appropriate eye and ear protection when using firearms.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

Installation

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including appropriate wrenches and screwdrivers.

2. Removing the Old Barrel:

- Carefully remove the existing barrel from the firearm according to the manufacturer's instructions.

3. Installing the New Barrel:

- Align the new RUGER® 10/22® XRING BARREL with the receiver.
- Securely attach the barrel, ensuring that it is properly fitted and tightened according to the specifications.

4. Final Inspection:

- Check that all components are securely in place.
- Inspect the barrel for any signs of damage or misalignment.

Usage

- Load the firearm only when you are ready to shoot.

- Keep your finger off the trigger until you are ready to fire.
- Follow all safety protocols and shooting guidelines provided by the firearm manufacturer.

Disposal Instructions

- Dispose of the barrel in accordance with local regulations.
- Do not dispose of the barrel in regular household waste.
- Contact local authorities for guidance on proper disposal methods for firearm components.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the appropriate contact point within the EU. Always ensure you are following the latest safety standards and guidelines.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your RUGER® 10/22® XRING BARRELS. Thank you for your attention to safety.
