

# RECEIVER MOUNT SHOTSHELL HOLDER - MESA TACTICAL PRODUCTS SM 4-ROUND SHOTSHELL HOLDER FITS REM 870/1100/11-87

[Shooting Accessories](#) > [Speedloaders & Accessories](#) > [Shotgun Shell Holders](#)

## Puts Extra Shotshells Right Where You Need Them For Fast Loading

Rugged and lightweight, aluminum shell holders put extra 12 gauge shotshells on the left side of the receiver for fast tactical reloads. Shells are held in place with a unique, internal Santoprene™ elastomer rib that securely retains even heavy slug shells during vigorous movement or heavy recoil. Available in sidemount (SM) or Picatinny rail (PR) configurations. All necessary installation hardware, tools, and instructions included. Remington Sidemount is available in 4-, 6-, and 8-round capacities and uses steel-on-steel, threaded adapters that replace the trigger group pins to anchor the shell holder securely to the receiver. Remington 870 shotguns require a shortened, tactical-style forend to accommodate 6- and 8-round sidemount units. Remington 1100/11-87 require minor forend alterations to fit the 8-round model. Remington Picatinny is a 6-round model that features an integral Picatinny rail for mounting sights, optics, or other accessories. Wraps around the top and mounts to both sides of the receiver using the same type of attaching system as the sidemount model. Fits Remington 1100/11-87 without modification; requires use of shorter than factory length forearm when used with Remington 870. Mossberg Sidemount is a 6-round unit that attaches in the same manner as the Remington Sidemount. Fits Mossberg 500/590. Mossberg 500 Sureshell Carrier attaches to top mount. Benelli Picatinny models include an integral Picatinny rail and mount to the top of factory drilled/tapped receivers. Available in 6-round for Benelli M1/M2 (requires drilling/tapping receiver for M1), 6- and 8-round for M4/M1014, and 4-round for Supernova shotguns. Mossberg 930 sidemount attaches to the left side of the receiver. Mossberg Picatinny is a 6-round model that features a top Picatinny rail and attaches the same as the Sidemount model. Versamax is a 6-round model that features a top Picatinny rail and attaches to the receiver.

# Safety Instruction Guide for RECEIVER MOUNT SHOTSHELL HOLDER

## Introduction

Thank you for choosing the Receiver Mount Shotshell Holder by Mesa Tactical Products. This product is designed to enhance your shotgun's functionality by providing a secure and accessible way to carry additional shotshells. To ensure safe and effective use, please read and follow the safety guidelines outlined in this document.

## General Safety Guidelines

- Ensure the product is compatible with your shotgun model (Remington 870/1100/1187, Mossberg 500/590, Benelli M1/M2/M3, etc.).
- Always handle firearms with care and follow the manufacturer's safety instructions.
- Keep the shotshell holder and all ammunition out of reach of children and unauthorized users.
- Regularly inspect the shotshell holder for wear or damage before each use.
- If you notice any defects or issues, discontinue use and contact the retailer for assistance.
- Report any unsafe products or accidents to local authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not exceed the recommended capacity of the shotshell holder.
- Ensure that shotshells are properly seated in the holder to prevent accidental dislodging.
- Avoid using the shotshell holder in extreme conditions that may compromise its integrity (e.g., excessive heat or moisture).
- Always keep the firearm pointed in a safe direction when loading or unloading shotshells.
- Use only 12 gauge shotshells with this holder; other calibers may not fit securely and could pose a safety risk.
- Be aware of your surroundings and ensure that the area is clear of obstacles and bystanders when reloading.

## Instructions for Installation and Usage

### Installation

- Gather all necessary tools as per the installation instructions provided with the product.
- Ensure the shotgun is unloaded and the safety is engaged before beginning installation.
- For Remington Sidemount models:
  - Remove the trigger group pins to replace them with the provided threaded adapters.
  - Attach the shell holder securely to the receiver.
- For Picatinny models:
  - Align the shell holder with the Picatinny rail on the shotgun.
  - Securely fasten using the provided hardware.
- For Mossberg models:
  - Follow the same attachment method as the Remington Sidemount.
- Ensure all screws and attachments are tightened properly before use.

### Usage

- Load the shotshell holder with the appropriate 12 gauge shotshells.
- Ensure that the holder is securely mounted and that the shotshells are retained.
- When ready to use, disengage the safety on your firearm and proceed with caution.
- After use, unload the firearm and check the holder for any dislodged shells.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- If the shotshell holder is damaged or no longer usable, consider recycling the aluminum material where possible.
- Ensure that any unused shotshells are disposed of safely and in accordance with local hazardous waste regulations.

## **Contact Information for Further Support**

For any questions or concerns regarding the Receiver Mount Shotshell Holder, please refer to the retailer from whom you purchased the product for assistance.

By following these guidelines, you can ensure the safe and effective use of your Receiver Mount Shotshell Holder, enhancing your shooting experience while adhering to safety standards. Thank you for your attention to these important safety instructions.
