

M16 5.56 BOLT CARRIER GROUP - COMPLETE BOLT/CARRIER GROUP 5.56X45 FOR M16 BLACK PHOSPHATE

[Home](#)

Drop-In Assembly With Strength & Durability Features For Dependable Service

Complete, mil-spec assembly with bolt, bolt carrier, and firing pin ready to drop into the rifle or carbine upper of your choice. Features a shot-peened bolt for increased surface strength and durability, and an extractor booster to ensure reliable cycling during rapid semi-auto or full-auto fire. Each assembly is magnetic particle inspection tested to ensure it's free from imperfections that can lead to premature failures. Properly staked gas key prevents gas leakage that can lead to short stroking. M16-style carrier on the black phosphate model has full-length shroud for tripping auto sear, so this carrier may be installed on full-auto law enforcement and military rifles.

M16 5.56 Bolt Carrier Group Safety Instructions

Introduction

Thank you for purchasing the M16 5.56 Bolt Carrier Group. This product is designed for use in firearms and is crafted to meet military specifications. It is important to understand the safety guidelines and instructions for proper use to ensure your safety and the safety of others. Please read this guide carefully before using the product.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure that you are in a safe environment when handling firearms.
- Keep the firearm pointed in a safe direction at all times.
- Store firearms and ammunition securely and out of reach of children.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure that there is a safe backstop when firing.
- Do not modify or alter the bolt carrier group in any way.
- Follow all local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

- Ensure that the bolt carrier group is compatible with your firearm before installation.
- Inspect the bolt carrier group for any signs of damage or wear before use.
- Check that the gas key is properly staked to prevent gas leakage.
- Do not use the bolt carrier group with ammunition other than 5.56 mm NATO.
- Be cautious of potential malfunctions, such as failure to cycle or short stroking.
- If you experience any issues during use, cease firing immediately and inspect the firearm.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the upper receiver from the lower receiver.
- Insert the bolt carrier group into the upper receiver, aligning it with the charging handle.
- Ensure that the bolt is fully engaged in the barrel extension.
- Reattach the upper receiver to the lower receiver.

2. Usage:

- Load the firearm with appropriate 5.56 mm NATO ammunition.
- Cycle the action by pulling back the charging handle and releasing it.
- Aim at your target, ensuring a safe backstop.
- Pull the trigger to fire. If the firearm does not fire, wait 30 seconds before checking for a malfunction.
- After firing, ensure the firearm is cleared and stored safely.

Disposal Instructions

- Dispose of the bolt carrier group in accordance with local regulations.
- Do not dispose of any firearm components in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please refer to the contact information provided by the manufacturer or your local dealer. It is essential to have access to support for any questions or issues that may arise.

Conclusion

Your safety is paramount when using the M16 5.56 Bolt Carrier Group. By following these guidelines and instructions, you can ensure a safe and effective experience with your firearm. Always prioritize safety and be aware of your responsibilities as a firearm owner.
