

DAUBRITE® 10 DISK VCI EMITTER - BROWNELLS DAUBRITE 10 DISK VCI EMITTER, 1 PACK

[Gunsmith Tools](#) > [Shop Accessories & Supplies](#) > [Gun Storage Materials](#) > [Rust Inhibiting Vapor Tabs](#)

Protects Metals From Moisture & Corrosion

Thin, lightweight, round, non-woven disk emits invisible, volatile corrosion inhibiting (VCI) vapors that fill confined air space to prevent metal corrosion. One Durabrite 10 disk provides corrosion protection for up to 10 cu. ft. for 24 months. Prevents moisture, salt, dirt, oxygen and other contaminants from corroding or tarnishing steel, aluminum, iron, zinc, copper, tin, brass, bronze, silver, nickel, nickel-plated steel, lead, magnesium, and others. Use in gun safes and cabinets, utility and tool boxes, shipping containers, and control boxes with exposed wires. Adhesive tape on back for easy installation.

DAUBRITE® 10 DISK VCI EMITTER SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the DAUBRITE® 10 DISK VCI EMITTER. This product is designed to protect metal surfaces from corrosion by emitting invisible, volatile corrosion inhibiting (VCI) vapors. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- **Product Safety:** This product is intended for use in nonfood applications. Ensure that it is used as directed to prevent any safety risks.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. If a recall occurs, you will be provided with remedies at no cost.
- **Online Shopping:** When purchasing online, ensure that the seller adheres to safety requirements equivalent to those in physical stores.
- **Special Consumer Focus:** Extra precautions should be taken if this product is used around vulnerable groups, especially children.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer.
- **Rapid Alerts:** Monitor updates on unsafe products through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The product emits VCI vapors that are safe when used as directed. However, avoid direct inhalation of concentrated vapors.
 - Keep the product out of reach of children and pets.
- **Avoid Contamination:**
 - Do not use the product in areas where food is stored or prepared.
 - Ensure the product is not exposed to moisture before installation.
- **Storage Conditions:**
 - Store in a cool, dry place away from direct sunlight and heat sources.

Instructions for Installation and Usage

- **Installation:**
 1. **Prepare the Area:** Ensure the area where the disk will be used is clean and free from contaminants.
 2. **Peel and Stick:** Remove the adhesive backing from the disk and press it firmly onto a clean, dry surface inside the storage area (e.g., gun safes, cabinets, or toolboxes).
 3. **Placement:** Ensure the disk is positioned in a way that allows the vapors to circulate freely throughout the confined space.
- **Usage:**
 - Each DAUBRITE® 10 disk protects up to 10 cubic feet for a duration of 24 months.
 - Monitor the condition of the disk periodically. If the disk appears damaged or has been in use for 24 months, replace it with a new disk to maintain corrosion protection.

Disposal Instructions

- **Disposal:**

- Dispose of the disk in accordance with local waste disposal regulations.
- Do not incinerate the disk.
- If the disk is damaged or no longer needed, place it in a sealed container before disposal to prevent any potential exposure to the environment.

Contact Information for Further Support

For additional support or safety inquiries, please refer to the contact information provided by your retailer.

Thank you for prioritizing safety while using the DAUBRITE® 10 DISK VCI EMITTER. Your adherence to these guidelines will help ensure effective corrosion protection and a safe environment.
