

# AR-15/M16 TWANG BUSTER - DOUBLE STAR TWANG BUSTER

[Rifle Parts](#) > [Receiver Parts](#) > [Buffer Tube Parts](#) > [Buffer Tube Hardware](#)

## Stops Annoying Buffer Noise During Recoil

Low-friction Delrin disk fits on the end of the buffer spring, opposite the buffer, and stops the annoying "twang" of the buffer hitting the rear of the receiver extension during recoil. Quick, easy installation, with no permanent alterations to gun. Simply remove buffer and spring, insert Twang Buster, then reinstall buffer and spring.

## Attributes

# Safety Instruction Guide for the AR15/M16 Twang Buster

## Introduction

Thank you for choosing the AR15/M16 Twang Buster by Double Star. This product is designed to enhance your shooting experience by reducing the noise caused by the buffer hitting the rear of the receiver extension during recoil. Please read this safety instruction guide carefully to ensure the safe and effective use of the Twang Buster.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the firearm is pointed in a safe direction when installing or handling the Twang Buster.
- Keep the Twang Buster and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the Twang Buster for wear or damage before use.
- Follow all local laws and regulations regarding firearm modifications and accessories.

## Specific Safety Precautions for Use

- The Twang Buster is intended for use with A2 rifle and M4style carbine buffer spring/receiver extension tubes only.
- Do not attempt to use the Twang Buster with any other types of firearms or buffer systems.
- Ensure the firearm is unloaded before installing or removing the Twang Buster.
- If you experience any unusual sounds or performance issues after installation, discontinue use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools for installation (if any).

### 2. Installation Steps:

- Remove the buffer and buffer spring from the firearm.
- Insert the Twang Buster onto the end of the buffer spring, opposite the buffer.
- Reinstall the buffer and buffer spring into the firearm, ensuring they are securely in place.

### 3. Usage:

- After installation, perform a function check to ensure the firearm operates correctly.
- Test fire the firearm in a safe environment to confirm that the Twang Buster effectively reduces noise.

## Disposal Instructions

- Dispose of the Twang Buster in accordance with local regulations.
- Do not dispose of any parts of the Twang Buster in regular household waste. Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the AR15/M16 Twang Buster, please contact the manufacturer or refer to the product packaging for additional support options.

By following these safety instructions and guidelines, you can ensure a safer and more enjoyable experience with your AR15/M16 Twang Buster. Always prioritize safety and responsible firearm handling.
