LOADALL II Shotgun Presses Safety Instruction Guide

Introduction

Thank you for choosing the LOADALL II Shotgun Press by Lee Precision. This guide provides essential safety instructions to ensure the safe and effective use of your shotgun press. Please read this manual carefully before using the product, as it contains important information regarding potential hazards, safety precautions, and proper usage.

General Safety Guidelines

- Always read and understand the instructions before using the shotgun press.
- Use the product only for its intended purpose as described in this manual.
- Keep the shotgun press out of reach of children and vulnerable individuals.
- Regularly inspect the shotgun press for signs of wear or damage before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you are wearing appropriate personal protective equipment (PPE) such as safety glasses and gloves while operating the shotgun press.
- Never exceed the maximum shell size specified for the shotgun press (up to 3 inches).
- Avoid using damaged or worn components, including bushings and primers.
- Always keep your hands and other body parts clear of moving parts during operation.
- Do not attempt to modify or alter the shotgun press in any way.
- Use only the recommended types of shot and powder as specified by Lee Precision.
- Ensure that the work area is clean and free from distractions while using the shotgun press.

Instructions for Installation and Usage

1. Installation:

- Place the LOADALL II Shotgun Press on a stable, level surface.
- Secure the press using bolts or clamps, if necessary, to prevent movement during operation.
- Connect the builtin primer catcher according to the manufacturer's instructions.

2. Usage:

- Ensure that all components are properly assembled and tightened before use.
- Select the appropriate shot and powder bushings from the included set of twentyfour.
- Adjust the shotgun press to accommodate the desired shell size (2 3/4 inch to 3 inch).
- Position the shell in the recess at each station for efficient operation.
- Operate the shotgun press using a steady and controlled motion, following the specific steps provided in the manufacturer's instructions.
- After use, ensure that the shotgun press is cleaned and maintained according to the guidelines in the maintenance section of this manual.

Disposal Instructions

- Dispose of the shotgun press and any components in accordance with local regulations and environmental guidelines.

- Do not dispose of any hazardous materials, such as primers or powders, in regular waste. Consult local authorities for proper disposal methods.

Contact Information for Further Support

For additional support or inquiries regarding safety concerns, please refer to the official website of Lee Precision or contact your local distributor.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your LOADALL II Shotgun Press. Thank you for your attention to safety and for choosing Lee Precision.
