# Pistol Carbide 3 Die Sets Safety Instruction Guide

## Introduction

Thank you for purchasing the Pistol Carbide 3 Die Set by Lee Precision for 9mm Luger. This guide provides essential safety information and instructions to ensure safe and effective use of your die set. Please read this guide carefully before use.

## General Safety Guidelines

- Always use protective eyewear when reloading to prevent injury from potential debris.
- Ensure your work area is wellventilated to avoid inhalation of any dust or fumes.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Store reloading materials in a safe place, following local regulations for hazardous materials.
- Regularly inspect your dies for wear or damage before use.
- Follow the manufacturer's instructions for all components used in the reloading process.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Use of reloading dies can involve risks such as burns from hot materials, cuts from sharp edges, and potential accidents from improper handling of ammunition components.

### • Avoiding Hazards:

- Always handle the dies and ammunition components with care.
- Do not attempt to modify the dies or use them for purposes other than intended.
- Ensure that your workspace is free from distractions and clutter.
- Do not overload cartridges beyond recommended specifications to prevent firearm malfunctions.

### • Age Specific Warnings:

- This product is intended for use by individuals aged 18 years and older. Ensure that younger individuals are supervised by a responsible adult when using this product.

## Instructions for Installation and Usage

### • Installation:

1. Start by securing the die set into your reloading press according to the manufacturer's instructions.
2. Attach the Carbide Full Length Sizing Die first, ensuring it is tightened securely.
3. Follow with the Bullet Seating Die and finally the Powder Thru Expanding Die.
4. Ensure the Shell Holder is compatible with the 9mm Luger cartridge and is properly seated in the press.

### • Usage:

- Refer to the provided instructions/load data for specific loading guidelines for the 9mm Luger cartridge.
- Use the Carbide Full Length Sizing Die to resize your brass cases before loading.
- Use the Powder Thru Expanding Die to expand the case mouth to accept bullets.
- Use the Bullet Seating Die to properly seat bullets to the recommended overall length.

- Regularly check powder charges with a scale to ensure accuracy and safety.

## Disposal Instructions

- Dispose of any unused or defective components in accordance with local regulations for hazardous waste.
- Do not throw away reloading components in regular trash. Instead, contact local authorities for proper disposal methods.
- Ensure that all packaging materials are recycled or disposed of responsibly.

## Contact Information for Further Support

For any queries or concerns regarding the Pistol Carbide 3 Die Set, please refer to the manufacturer's official website or customer support channels. It is essential to have access to assistance for safe use and compliance with safety regulations.

## Conclusion

Following these safety instructions will help ensure a safe reloading experience with your Pistol Carbide 3 Die Set. Always prioritize safety and refer to this guide as needed. Enjoy your reloading experience responsibly!
