

ULTRALIGHT RINGS - 34MM EXTREME 1.5" 6 SCREW ULTRALIGHT RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Designed to fit Mil-Std. 1913 scope bases, Nightforce rings are precisely manufactured to match the machined recess of a Nightforce Mil-Std. 1913 base, providing perfect alignment and accuracy. Nightforce rings are designed and produced in-house to exacting specifications entirely out of steel or from 7075-T6 aluminum with beta series titanium crossbolts and jaws. All Nightforce rings are 100% micro-radiused and honed in pairs for perfect fit of 30mm scope tubes to prevent the possibility of the rings damaging your scope.

Attributes

ULTRALIGHT RINGS Safety Instruction Guide

Introduction

Thank you for choosing the ULTRALIGHT RINGS 34MM EXTREME 1.5" 6 SCREW ULTRALIGHT RINGS by Nightforce. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Regularly inspect the rings for signs of wear or damage before each use.
- Do not modify the product in any way, as this can compromise safety and performance.
- Keep the product out of reach of children and vulnerable individuals.
- In case of any malfunction or abnormal behavior, cease use immediately and consult a professional.

Specific Safety Precautions for Use

- **Compatibility:** Verify that the ULTRALIGHT RINGS are compatible with your scope and mounting system before installation.
- **Installation:** Follow the installation instructions carefully to ensure proper fit and alignment.
- **Weight Limit:** Do not exceed the recommended weight limit for the scope mounted on these rings.
- **Environmental Conditions:** Avoid exposing the product to extreme temperatures, humidity, or corrosive environments.
- **Handling:** Handle the product with care to avoid dropping or impacting it, which could cause damage.

Instructions for Installation and Usage

Installation Steps

1. **Gather Tools:** Ensure you have the necessary tools for installation, including a torque wrench.
2. **Prepare the Base:** Clean the mounting surface on the MilStd. 1913 scope base to remove any dirt or debris.
3. **Position the Rings:** Place the ULTRALIGHT RINGS onto the scope base, ensuring they are aligned correctly with the machined recess.
4. **Attach the Scope:** Carefully place your 30mm scope tube into the rings.
5. **Secure the Screws:** Using a torque wrench, tighten the screws to the manufacturer's recommended torque settings to ensure a secure fit.
6. **Check Alignment:** Once installed, check the alignment of the scope through the rings to ensure proper sighting.

Usage Guidelines

- After installation, regularly check the tightness of the screws to ensure they remain secure during use.
- Avoid overtightening, as this may damage the scope or rings.
- When adjusting the scope, do so gently to prevent unnecessary stress on the rings.
- Store the product in a dry, cool place when not in use.

Disposal Instructions

- Dispose of the ULTRALIGHT RINGS in accordance with local regulations for metal and aluminum waste.
- Do not dispose of the product in household waste.

- Consider recycling the product to minimize environmental impact.

Contact Information for Further Support

For any inquiries or concerns regarding safety, installation, or product performance, please refer to the official Nightforce website or contact your local distributor.

By following these safety guidelines and instructions, you can ensure the safe and effective use of the ULTRALIGHT RINGS 34MM EXTREME 1.5" 6 SCREW ULTRALIGHT RINGS. Thank you for your attention to safety and for choosing Nightforce products.
