# Safety Instruction Guide for 12HOUR LIGHTSTICKS VOO DOO TACTICAL 12 HOUR LIGHTSTICKS GREEN

## Introduction

Thank you for choosing the 12HOUR LIGHTSTICKS VOO DOO TACTICAL 12 HOUR LIGHTSTICKS GREEN. These lightsticks are designed for emergency use, providing illumination in various situations. This safety instruction guide aims to ensure your safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always use the lightsticks as intended to avoid potential hazards.
- Keep lightsticks out of reach of children unless supervised by an adult.
- Do not ingest any part of the lightstick; it is not a food product.
- In case of skin contact with the contents, wash the affected area with soap and water immediately.
- Store lightsticks in a cool, dry place away from direct sunlight and heat sources.
- Check for any damage before use. Do not use if the packaging is compromised.

## Specific Safety Precautions for Use

- Ensure the lightstick is intact and free from any leaks or breaks before activation.
- Activate the lightstick only in a safe environment where it can be securely attached to your pets, pack, or kids.
- Avoid using lightsticks in enclosed spaces without adequate ventilation.
- Do not use lightsticks near flammable materials or in explosive atmospheres.
- Dispose of used lightsticks properly to prevent environmental contamination.

## Instructions for Installation and Usage

### 1. Preparation:

- Remove the lightstick from its foil wrapping.
- Inspect the lightstick for any visible damage.

### 2. Activation:

- Bend the lightstick until you hear a snap, indicating that the internal components have mixed.
- Shake the lightstick gently to ensure it is fully activated.

### 3. Attachment:

- Use the lanyard hole and hook on top to securely attach the lightstick to your desired location (pets, packs, or kids).
- Ensure that it is fastened securely to prevent accidental detachment.

### 4. Usage:

- The lightstick will emit light for approximately 12 hours.
- Monitor the lightstick during use and replace it if it starts to dim or if the light output is insufficient.

### 5. PostUse:

- After the lightstick has completed its illumination cycle, handle it with care.
- Do not attempt to reuse or reactivate the lightstick.

## **Disposal Instructions**

- Dispose of used lightsticks in accordance with local waste disposal regulations.
- Do not dispose of lightsticks in regular household waste.
- Check for local recycling programs that accept lightsticks or hazardous materials.
- If the lightstick is damaged, follow local guidelines for hazardous waste disposal.
