

TAVOR LUMA SAFETY - MANTICORE ARMS TAVOR LUMA SAFETY MEDIUM

[Rifle Parts](#) > [Safety Parts](#) > [Safeties](#)

The Tavor LUMA (Lever, Upgraded Metal Ambidextrous) is a drop-in replacement for your factory safety. The LUMA will work on both the right and left side of the gun. Made of 6061 aluminum and finished in black anodizing. The LUMA comes in a medium profile, mimicking the size of the IWI safety, and a slim, providing a much smaller profile.

TAVOR LUMA SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the TAVOR LUMA Safety by Manticore Arms. This guide provides essential safety instructions and information to ensure the safe and effective use of your new safety lever. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- Always treat your firearm as if it is loaded, even if you believe it is not.
- Ensure that your firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store your firearm and ammunition securely, out of reach of children and unauthorized users.
- Regularly inspect the safety mechanism for proper function and wear.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- The TAVOR LUMA Safety is designed for use with IWI Tavor firearms only. Do not attempt to use it with other models.
- Ensure that the safety lever is correctly installed and functioning before using your firearm.
- Do not modify the safety lever or any part of your firearm in a way that could compromise safety.
- If you notice any unusual behavior or malfunction with the safety lever, discontinue use immediately and consult a professional.

Instructions for Installation and Usage

Installation Steps

1. Prepare Your Workspace

- Ensure you are in a clean, dry area with adequate lighting.
- Have the necessary tools ready (e.g., screwdriver).

2. Unload Your Firearm

- Remove all ammunition from your firearm.
- Visually and physically inspect the chamber to confirm it is empty.

3. Remove the Factory Safety

- Follow the manufacturer's instructions to safely remove the existing safety lever from your Tavor firearm.
- Keep all parts in a safe place for future reference.

4. Install the TAVOR LUMA Safety

- Align the TAVOR LUMA Safety with the designated slot on the firearm.
- Gently push the lever into place until it is securely fitted.
- Ensure that the lever moves freely and engages properly.

5. Test the Installation

- Before using the firearm, test the safety lever to ensure it operates correctly.
- Engage and disengage the safety multiple times to confirm functionality.

Usage Instructions

- Always ensure that the safety lever is engaged when the firearm is not in use.
- Familiarize yourself with the operation of the safety lever before handling the firearm.
- Only disengage the safety when you are prepared to fire.

Disposal Instructions

When disposing of the TAVOR LUMA Safety, follow these guidelines:

- Do not dispose of the safety lever in regular household waste.
- Check with local regulations regarding the disposal of metal components.
- Consider recycling the aluminum material if possible.

Contact Information for Further Support

For any inquiries or support related to the TAVOR LUMA Safety, please refer to the manufacturer's contact information, which can typically be found on their official website or product packaging.

By following these guidelines, you can ensure the safe and effective use of your TAVOR LUMA Safety. Thank you for prioritizing safety and responsibility in your firearm handling.
