

# MS1 PADDED SLING - MAGPUL MS1 PADDED TWO-POINT RIFLE SLING RANGER GREEN

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The MS1 padded sling is the latest addition to the Magpul line of rifle slings. By adding a padded section of variable-width tubular webbing to the already proven MS1 sling, this new product provides more comfort to the user when carrying heavy weapons. Other padded slings simply sew the pad onto or around an already existing sling. What Magpul has done is taken a section of variable-width webbing of our proprietary weave and stitched a high-grade, ripstop coated, closed cell foam pad to the inside of the sling. This ensures that the pad will never move inside of its housing and because the taper of the sling is woven, not stitched, the padded section has no known points of failure. By removing the structural stitching from padded slings, Magpul has created a sleek and streamlined solution that exceeds all others in durability and aesthetics.

## Attributes

- Name: [MAGPUL MS1 PADDED TWO-POINT RIFLE SLING RANGER GREEN](#)
- Manufacturer: [MAGPUL](#)
- Product no.: 100016492
- Mfr. No.: MAG545-RGR

# MS1 Padded Sling Safety Instruction Guide

## Introduction

Thank you for choosing the MS1 Padded Sling by Magpul. This guide provides important safety instructions and guidelines to ensure the safe use of your new rifle sling. Please read this document carefully and keep it for future reference.

## General Safety Guidelines

- Always inspect the sling before use for any signs of wear or damage.
- Ensure that the sling is properly attached to your firearm before use.
- Do not exceed the weight limit of the sling as specified by the manufacturer.
- Keep the sling away from sharp objects and extreme heat sources.
- Store the sling in a cool, dry place when not in use.
- Be aware of your surroundings and ensure that the sling does not pose a risk to yourself or others while in use.

## Specific Safety Precautions for Use

- Use the sling only for its intended purpose as a rifle sling.
- Avoid using the sling with firearms that exceed its designated specifications.
- Do not modify the sling in any way, as this may compromise its safety and effectiveness.
- When using the sling in tactical situations, ensure that you are trained and familiar with its operation.
- Always follow the manufacturer's instructions regarding the use of the sling.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded before attaching the sling.
- Locate the attachment points on your firearm (usually at the front and rear).
- Thread the sling through the attachment points, ensuring that it is secure and properly positioned.
- Adjust the length of the sling as needed for comfort and functionality.

### 2. Usage:

- When using the sling, ensure that it is properly adjusted to fit your body and the firearm.
- Carry the firearm with the sling over your shoulder or across your body, depending on your preference and comfort.
- When transitioning between different carry positions, ensure that the sling does not interfere with your ability to handle the firearm safely.

## Disposal Instructions

- Dispose of the sling responsibly when it reaches the end of its life cycle.
- If the sling is damaged beyond repair, consider recycling it according to local regulations.
- Do not dispose of the sling in regular household waste if it contains any hazardous materials.

## Contact Information for Further Support

For any safety inquiries or concerns regarding your MS1 Padded Sling, please contact the manufacturer directly. Ensure that you have the product information and any relevant details ready for a more efficient response.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and enjoyable experience with your MS1 Padded Sling.
