

# EXTREME DUTY GUN OIL - LUCAS OIL PRODUCTS 4 OZ. GUN OIL 12/PACK

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

Used and recommended by major firearms manufacturers, Lucas Extreme Duty Gun Oil is specially formulated for high volume, high heat and friction firearms and was designed for full auto firearms, SBRs and suppressors as well as semi-auto rifles, shotguns and pistols. It offers superior burn-off, shock and heat resistance, unlike any other multi-purpose gun oil. A unique additive keeps the oil from running and migrating while the polymeric film protects from rust, wear and moisture and resists carbon, lead and copper fouling and dramatically reduces wear during all shooting conditions. Applying Lucas Extreme Duty Gun Oil to bores, bolt carriers and gas pistons makes clean-up of powder residue, copper and carbon fouling a much easier task. Apply a light coat to suppressor baffles, mounts, muzzle breaks and flash hiders to resist carbon build up and to make cleaning quicker and easier. It neutralizes acids from fingerprints and resists drying for long term storage use. Developed for demanding lubrication during hard use. Extreme working temperature range of -38°F to 400°F. Great for ultra-sonic cleaner use for small or bulk parts lubrication. Superior blow back resistance, keeping oil out of your face and off your glasses.

# Safety Instruction Guide for EXTREME DUTY GUN OIL

## Introduction

Thank you for choosing Lucas Extreme Duty Gun Oil. This product is designed for highperformance lubrication and protection of firearms. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always store gun oil out of reach of children and pets.
- Use in a wellventilated area to avoid inhalation of fumes.
- Keep away from heat sources, sparks, and open flames.
- Avoid contact with eyes and skin. In case of contact, rinse thoroughly with water.
- Do not ingest. If swallowed, seek medical attention immediately.
- Follow all local laws and regulations regarding the use of gun oil.

## Specific Safety Precautions for Use

- Ensure firearms are unloaded before applying gun oil.
- Use only as directed on the product label.
- Do not mix with other lubricants or chemicals unless specified.
- Apply in small amounts to prevent excessive buildup.
- Allow oil to settle and dry before using the firearm.
- Wear gloves if you have sensitive skin or are prone to allergic reactions.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and safe to handle.
- Clean the firearm to remove any old oil, dirt, or debris.

### 2. Application:

- Shake the bottle gently before use.
- Apply a light coat of Lucas Extreme Duty Gun Oil to the following areas:
  - Bores
  - Bolt carriers
  - Gas pistons
  - Suppressor baffles
  - Muzzle brakes
  - Flash hiders
- Use a clean cloth or applicator to spread the oil evenly.

### 3. PostApplication:

- Allow the oil to penetrate and dry before reassembling the firearm.
- Regularly check the lubrication level and reapply as necessary, especially after extensive use or cleaning.

## **Disposal Instructions**

- Dispose of any unused or expired gun oil in accordance with local regulations.
- Do not pour down the drain or dispose of in regular household waste.
- Contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding Lucas Extreme Duty Gun Oil, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure safe and effective use of Lucas Extreme Duty Gun Oil while complying with EU General Product Safety Regulations. Thank you for prioritizing safety in your firearm maintenance.
