AUTODISK POWDER RIFLE CHARGING DIE SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the AUTODISK POWDER RIFLE CHARGING DIE by Lee Precision. This product is designed to safely charge small capacity rifle cases when used with the Auto Disk Powder Measure or Pro Auto Disk Powder Measure. Please read and understand this safety instruction guide before using the product to ensure safe and effective operation.

General Safety Guidelines

- **Product Safety:** This product is designed to comply with EU General Product Safety Regulation (GPSR). Ensure safe use by following all instructions.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. Check the EU's Safety Gate platform for updates.
- **Online Shopping:** If purchased online, ensure that the seller meets safety requirements as per EU regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the contact information provided by the manufacturer or retailer.
- **Rapid Alerts:** Be aware of updates regarding unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- **Read the Manual:** Always read the instruction manual thoroughly before use.
- **Wear Protective Gear:** Use safety glasses and gloves to protect yourself while handling the die and during the reloading process.
- **Avoid Overcharging:** Follow the recommended charge weights for the specific calibers being loaded to prevent dangerous overcharges.
- **Inspect Equipment:** Regularly check the die and powder measure for any signs of wear or damage before use.
- **Work in a WellVentilated Area:** Ensure adequate ventilation when handling powders and during the reloading process to avoid inhalation of dust or fumes.
- **Store Properly:** Keep the die and all reloading components in a secure, dry place away from children and pets.

Instructions for Installation and Usage

1. Installation:

- Ensure the press is securely mounted to a stable surface.
- Insert the AUTODISK POWDER RIFLE CHARGING DIE into the reloading press as per the manufacturer's instructions.
- Adjust the die to the desired depth for specific calibers (1.76 to 2.62 inches).

2. Usage:

- Ensure the press is in the correct position before charging a case.
- Use the Auto Disk Powder Measure or Pro Auto Disk Powder Measure to dispense powder into the case.
- Do not expand the case mouth during the charging process.
- Charge only 22 caliber cartridges and up to and including the .308 Win as specified.

- After charging, visually inspect each case for proper powder levels before seating bullets.

3. **PostUse:**

- Clean the die after use to prevent powder residue buildup.
- Store the die in a safe and dry location.

Disposal Instructions

- Dispose of any unused or expired powders and materials in accordance with local regulations.
- Do not dispose of powders in regular household waste. Contact local authorities for proper disposal methods.
- Ensure that the die and any components are recycled or disposed of responsibly, following local environmental guidelines.

Contact Information for Further Support

For any questions or concerns regarding the AUTODISK POWDER RIFLE CHARGING DIE, please refer to the manufacturer's contact information or your retailer for assistance. Always ensure you are following the latest safety guidelines and product updates.

By following these safety instructions, you can ensure a safe and effective reloading experience with the AUTODISK POWDER RIFLE CHARGING DIE. Thank you for your attention to these important safety measures.
