CZ Scorpion Safety Instruction Guide

Introduction

Thank you for choosing the CZ Scorpion Safety, Ambidextrous, Black from APEX Tactical Specialties Inc. This product is designed to enhance the safety and functionality of your CZ Scorpion EVO 3 S1. Please read this instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

To ensure your safety and the proper functioning of the CZ Scorpion Safety, please follow these general safety guidelines:

- Always ensure that your firearm is unloaded before installing or handling the safety mechanism.
- Keep the product away from children and unauthorized users.
- Regularly inspect the safety mechanism for wear and damage.
- Follow all local laws and regulations regarding firearm accessories.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

When using the CZ Scorpion Safety, please observe the following precautions:

- Ensure that the safety is fully engaged when not in use.
- Avoid applying excessive force when engaging or disengaging the safety.
- Do not modify the safety mechanism in any way that could impair its function.
- If you notice any irregularities in operation, cease use immediately and consult a qualified professional.

Instructions for Installation and Usage

Follow these steps to install and use the CZ Scorpion Safety:

1. Preparation:

- Gather the necessary tools, including a 1.5mm allen wrench (not included).
- Ensure that your firearm is unloaded and pointed in a safe direction.

2. Removal of Factory Safety:

- Locate the factory safety mechanism on your CZ Scorpion EVO 3 S1.
- Use the 1.5mm allen wrench to remove the screws securing the factory safety.
- Carefully lift the factory safety out of its housing.

3. Installation of CZ Scorpion Safety:

- Take the new CZ Scorpion Safety and align it with the safety housing.
- Insert the screws and tighten them securely, ensuring that the safety mechanism moves freely.

4. Testing the Safety:

- After installation, test the safety mechanism to ensure it engages and disengages properly.
- Confirm that the safety is approximately 0.095" wider than the factory specifications, providing better engagement.

5. Final Check:

- Conduct a final inspection to ensure that the installation is secure and that there are no loose parts.

Disposal Instructions

When it comes time to dispose of the CZ Scorpion Safety or any related components:

- Follow local regulations regarding the disposal of metal products.
- Ensure that any disposed parts are not accessible to children or unauthorized individuals.
- Consider recycling the aluminum material where possible.

Contact Information for Further Support

For any inquiries regarding the CZ Scorpion Safety, please refer to the appropriate contact resources provided by the manufacturer. Ensure you have your product details ready to facilitate assistance.

By following these instructions and safety guidelines, you can ensure the safe and effective use of your CZ Scorpion Safety, Ambidextrous, Black. Always prioritize safety and compliance with local laws when handling firearms and their accessories.
