

SUPER PRECISION TRIJICON MRO MOUNTS - GEISSELE AUTOMATICS ABSOLUTE CO-WITNESS BLACK MRO MOUNT

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The Super Precision MRO Series was developed specifically to work with the Trijicon MRO and like mounted red dot optics. These mounts are precision machined from a single piece of 7075-T6 high strength aluminum and are available in both co-witness and lower third co-witness options. Utilizing Geissele's update of the classic nut and bolt method, this mount will attach your red dot to your weapon with 1,400 pounds of clamping force, and features 3 shear lugs for maximum rigidity and return to zero.

Attributes

- Name: [GEISSELE AUTOMATICS ABSOLUTE CO-WITNESS BLACK MRO MOUNT](#)

Safety Instruction Guide for SUPER PRECISION TRIJICON MRO MOUNTS GEISSELE AUTOMATICS ABSOLUTE COWITNESS BLACK MRO MOUNT

Introduction

Thank you for choosing the SUPER PRECISION TRIJICON MRO MOUNTS by GEISSELE AUTOMATICS. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the mount is compatible with your Trijicon MRO and any other red dot optics before use.
- Always inspect the mount for any visible damage or defects before installation.
- Keep the product out of reach of children and vulnerable individuals.
- Use the mount only as intended and according to the manufacturer's specifications.
- Do not exceed the recommended load capacity of the mount.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Clamping Force:** The mount provides a clamping force of 1,400 pounds. Ensure that the attachment is secure but do not overtighten to avoid damaging the mount or the firearm.
- **Shear Lugs:** The mount features 3 shear lugs that enhance rigidity. Ensure these are properly engaged during installation.
- **Return to Zero:** The mount is designed for maximum return to zero. Regularly check the mount's alignment to ensure accuracy.
- **Environmental Conditions:** Avoid exposing the mount to extreme temperatures or corrosive environments that could affect its integrity.
- **Regular Maintenance:** Periodically check the mount for signs of wear or damage, and perform necessary maintenance to ensure safe operation.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation, including a torque wrench.
- Ensure the firearm is unloaded and pointed in a safe direction.

2. Installation Steps:

- Align the mount with the mounting interface on your Trijicon MRO or compatible optic.
- Secure the mount using the provided nut and bolt method.
- Use a torque wrench to tighten the fasteners to the manufacturer's specifications. Do not exceed the recommended torque.

3. Usage:

- After installation, ensure that the mount is secure by gently attempting to move it.
- Adjust the red dot optic as needed for your shooting requirements.
- Always check the mount before and after use to ensure it remains secure.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic and metal waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling the materials where possible.

Contact Information for Further Support

For any safety inquiries or further support regarding the SUPER PRECISION TRIJICON MRO MOUNTS, please refer to the manufacturer's website or contact their customer service for assistance.

Conclusion

By following these safety guidelines and instructions, you can ensure the safe and effective use of the SUPER PRECISION TRIJICON MRO MOUNTS GEISSELE AUTOMATICS ABSOLUTE COWITNESS BLACK MRO MOUNT. Always prioritize safety and compliance with the EU General Product Safety Regulation. Thank you for your attention to these important details.
