

# AR-15 TRIGGER GUARDS COMPOSITE - B5 SYSTEMS TRIGGER GUARD FLAT DARK EARTH COMPOSITE

[Rifle Parts](#) > [Triggers Parts](#) > [Trigger Guards](#)

The Trigger Guard offers a drop in upgrade over the standard AR trigger guard. The enlarged profile allows for glove use in cold weather or tactical operations. The trigger guard also maintains the original swing down function for use with heavier gloves though not with the spring loaded plunger, you must remove or screw in the provided retaining screw. It is a set screw attachment pin, not a spring loaded pin.

## Attributes

- Name: [B5 SYSTEMS TRIGGER GUARD FLAT DARK EARTH COMPOSITE](#)
- Manufacturer: [B5 SYSTEMS](#)
- Product no.: 100020713
- Mfr. No.: PTG1128
- Finish: Flat Dark Earth
- Weapon type: AR-15
- Delivery weight: 0.018kg
- Shipping height: 25mm
- Shipping width: 89mm
- Shipping length: 140mm
- UPC: 814927020405

## Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for AR15 Trigger Guards Composite

## Introduction

Thank you for choosing the AR15 Trigger Guards Composite by B5 Systems. This guide provides essential safety information and instructions for the safe use and installation of your trigger guard. Please read this document carefully to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the trigger guard is compatible with your specific AR15 model before installation.
- Always handle firearms with care and follow all standard firearm safety practices.
- Keep the trigger guard and any firearm components out of reach of children and unauthorized users.
- Regularly inspect the trigger guard for any signs of wear or damage. If any issues are detected, discontinue use immediately and seek assistance.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about safety issues.

## Specific Safety Precautions for Use

- The enlarged profile of the trigger guard is designed for use with gloves. Ensure that gloves are securely fitted to avoid any interference with firearm operation.
- Do not use the trigger guard with gloves that are too thick, as this may hinder your ability to operate the firearm safely.
- Ensure that the retaining screw is properly secured before use. The trigger guard must be firmly attached to avoid accidental detachment during operation.
- Avoid using the trigger guard in extreme weather conditions without proper gloves, as this may lead to loss of grip and control.

## Instructions for Installation and Usage

### Installation Instructions

#### 1. Preparation:

- Ensure that the firearm is unloaded and clear of any ammunition before beginning installation.
- Gather all necessary tools, including a screwdriver for the retaining screw.

#### 2. Removing the Existing Trigger Guard:

- Locate the existing trigger guard on your AR15.
- Carefully remove the screws or pins holding the existing trigger guard in place.
- Set aside the old trigger guard for disposal or future use.

#### 3. Installing the New Trigger Guard:

- Align the new B5 Systems Trigger Guard with the mounting points on your AR15.
- Insert the provided set screw into the designated hole, ensuring it is properly aligned.
- Tighten the set screw securely to hold the trigger guard in place. Ensure that it is not overtightened, as this may cause damage.

#### 4. Final Inspection:

- Check that the trigger guard is firmly attached and does not wobble or move.
- Test the swingdown function to ensure that it operates smoothly.

## **Usage Instructions**

- Always ensure that the firearm is in a safe condition before handling, including having the safety engaged and the magazine removed.
- When using gloves, ensure that they are suitable for firearm handling and do not obstruct your ability to operate the trigger.
- If you experience any difficulties while using the trigger guard, cease use immediately and inspect for any issues.

## **Disposal Instructions**

- Dispose of the old trigger guard and any packaging materials in accordance with local waste disposal regulations.
- Ensure that all components are disposed of safely to prevent any risk of injury to others.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety or installation of your AR15 Trigger Guards Composite, please refer to the manufacturer's website or contact their support team for assistance. Always ensure that you are using genuine B5 Systems products for optimal safety and performance.

Thank you for prioritizing safety and compliance while using your new trigger guard.
