

# SUPER CHARGING HANDLE 7.62 - GEISSELE AUTOMATICS SUPER CHARGING HANDLE 7.62 BLACK

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

The Super Charging Handle (SCH) is 3D machined from a solid block of aircraft grade 7075-T6 aluminum. Its ambidextrous design allows for seamless operation from either side of the weapon. The levers are dual contoured similar to that of the charging handle of an M-4, where not only the x-axis but also the y-axis receive radius cuts. The handling surface of the lever is also checkered, adding a textured grip aiding to the use when operating with gloves. The heightened rear lip of the SCH aids in mitigating gas blow back to the shooter when shooting with short barreled and suppressed weapon systems. All parts are then Type 3 Hardcoat anodized and are available in black and DDC (Desert Dirt Color). Will not fit Sig 716 or S&W M&P 10 rifles.

## Attributes

- Name: [GEISSELE AUTOMATICS SUPER CHARGING HANDLE 7.62 BLACK](#)
- Manufacturer: [GEISSELE AUTOMATICS](#)
- Product no.: 100020752

# Super Charging Handle 7.62 Safety Instructions

## Introduction

Thank you for choosing the Super Charging Handle 7.62 by Geissele Automatics. This product is designed for enhanced performance and safety in handling your weapon. Please read this safety instruction guide carefully to ensure safe and effective use of the Super Charging Handle.

## General Safety Guidelines

- Ensure the product is compatible with your firearm before use. The Super Charging Handle 7.62 will not fit Sig 716 or S&W M&P 10 rifles.
- Always handle firearms with care and follow all standard safety practices.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the Super Charging Handle for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- The ambidextrous design allows operation from either side; ensure you are familiar with its use from both sides.
- The checkered surface of the lever provides a textured grip; use gloves if necessary to maintain a secure hold.
- Be aware of gas blowback when using shortbarreled and suppressed weapon systems; the heightened rear lip is designed to mitigate this, but caution is advised.
- Ensure that your hands are dry and free from contaminants when handling the charging handle to avoid slips.
- Do not modify the Super Charging Handle in any way, as this can compromise its safety and functionality.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing charging handle from your firearm according to the manufacturer's instructions.
- Insert the Super Charging Handle 7.62 into the charging handle slot of your firearm.
- Ensure that the handle is securely fitted and functions correctly before use.

### 2. Usage:

- Grip the handle firmly with one or both hands.
- Pull the handle back smoothly to charge the weapon.
- Release the handle to allow it to return to its original position.
- Practice using the handle in a safe environment to become familiar with its operation.

## Disposal Instructions

- Dispose of the Super Charging Handle according to local regulations for metal recycling.
- If the product is damaged beyond repair, ensure it is disposed of in a manner that prevents any risk of harm.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the Super Charging Handle 7.62, please refer to the manufacturer's website or customer support services. Ensure you have your product details available for efficient assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Super Charging Handle 7.62. Thank you for prioritizing safety in your firearm operations.
