

M16 5.56 BOLT CARRIER GROUP - BRAVO COMPANY M16 BOLT CARRIER GROUP FDE

[Rifle Parts](#) > [Bolt Parts](#) > [Bolt Carrier Groups](#)

BCM® (MPI) complete bolt carrier group is fully assembled. (BCG) Bolt carrier group (auto version) for your AR15, M16, or M4. Parkerized exterior and chrome lined inside carrier. Machined to USGI specifications. This M16/M4 carrier includes the proper Mil-Spec gas key. Gas key is chrome lined and heat treated per GI specifications. Gas key is secured to carrier via USGI domestic mfg Grade 8 fasteners and properly staked per Mil-Specs. These properly hardened parts insure a strong staking and proper gas system functioning. The bolt assembly is machined from the correct Mil-Spec Carpenter No. 158® steel, shot peened for increased strength, includes tool steel machined extractor and ejector, BCM Extractor Spring, and is HPT (High Pressure Tested) and MPI (Magnetic Particle Inspected). Prior to shipping, all BCM Bolt Carrier Groups are test fired for function. As such, the Bolt Carrier Group will show handling marks consistent with these quality control procedures. The Flat Dark Earth version has the stripped carrier finished with an Ion Bond coating which lowers friction and allows for easier cleaning.

Attributes

M16 5.56 Bolt Carrier Group Safety Instruction Guide

Introduction

Thank you for choosing the M16 5.56 Bolt Carrier Group from Bravo Company. This guide provides essential safety information and instructions for the safe use and maintenance of your product. Please read this guide carefully to ensure safe handling and operation.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always treat the bolt carrier group as if it is loaded.
- Keep the bolt carrier group out of reach of children and unauthorized users.
- Regularly inspect the bolt carrier group for signs of wear or damage.
- Store the bolt carrier group in a secure location when not in use.
- Report any unsafe products or incidents to the appropriate authorities immediately.
- Check for updates on recalls and safety notices on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when handling or firing firearms.
- Ensure that the firearm is pointed in a safe direction at all times.
- Do not modify the bolt carrier group or any other firearm components.
- Ensure that the firearm is unloaded before performing any maintenance or inspections.
- Use only compatible ammunition as specified (223 Remington, 5.56 mm NATO, 300 AAC Blackout).
- Follow all local laws and regulations regarding firearm ownership and usage.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded.
- Remove the existing bolt carrier group from the firearm.
- Insert the new M16 5.56 Bolt Carrier Group into the receiver, aligning it with the bolt catch.
- Ensure that the gas key is properly seated and that all components are securely in place.
- Perform a function check to ensure that the bolt carrier group operates smoothly.

2. Usage:

- Load the firearm with the appropriate ammunition.
- Chamber a round and prepare to fire.
- Follow standard operating procedures for firing your firearm.
- After use, ensure the firearm is unloaded and perform a thorough cleaning of the bolt carrier group.

Disposal Instructions

- Dispose of the bolt carrier group in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support
