## A High-Quality Barrel that Matches Your Cartridge's Capabilities

The 6mm Creedmoor busted onto the scene a few years ago with a number of improvements over the popular 6.5 Creedmoor, and the Brownells 6mm Creedmoor Heavy-Profile Ruger Precision Rifle barrel allows rifle owners to take advantage of those characteristics. The Brownells 6mm Creedmoor Heavy-Profile Ruger Precision Rifle barrel is fully machined from stainless-steel bar stock, which comes 416-R certified and is made for use in gun barrels. These barrels receive meticulous attention and feature a harmonics-improving taper that stretches the entire length of the barrel. Barrel length: 20 inches Twist rate: 1:8 Features target crown of 11 degrees 5/8x24 TPI threaded muzzle The Brownells 6mm Creedmoor Heavy-Profile Ruger Precision Rifle barrel comes with an individual magnetic particle inspection and is completely made in the USA.

# RUGER PRECISION RIFLE BARREL 6MM CREEDMOOR SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the RUGER PRECISION RIFLE BARREL 6MM CREEDMOOR HEAVY PROFILE from Brownells. This safety instruction guide is designed to ensure your safe use of the product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

## General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure that you are familiar with local laws and regulations regarding firearm ownership and use.
- Keep the barrel and all firearms stored securely and out of reach of children.
- Always wear appropriate safety gear, including eye and ear protection, when handling firearms.
- Regularly inspect your firearm and its components for signs of wear or damage.
- Do not use the barrel if it shows any signs of damage or if you are unsure of its condition.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing or removing the barrel.
- Follow the manufacturer's instructions for installation to avoid improper fitting.
- Do not exceed the recommended load specifications for the 6mm Creedmoor cartridge.
- Be aware of the potential for recoil and ensure you are in a stable position while firing.
- Avoid using the barrel in conditions that may cause excessive heat or corrosion.
- Always check the barrel for obstructions before firing.
- Use only compatible accessories and ammunition with your RUGER PRECISION RIFLE BARREL.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel according to the manufacturer's instructions.
- Align the new Brownells 6mm Creedmoor HeavyProfile barrel with the receiver.
- Securely fasten the barrel using the appropriate tools and torque specifications.
- Check for proper alignment and fit before proceeding.

### 2. Usage:

- Load the firearm only after ensuring it is safe to do so.
- Always aim in a safe direction and be aware of your surroundings.
- Fire only when you are in a safe position and have a clear line of sight to your target.
- After use, clean the barrel according to the manufacturer's recommendations to maintain performance and safety.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of firearms or firearm components in regular household waste.
- Contact local authorities or a licensed firearms dealer for safe disposal options.
