# SAFE DEHUMIDIFIER RODS SNAP SAFE 12 Safety Instruction Guide

## Introduction

Thank you for choosing the SAFE DEHUMIDIFIER RODS SNAP SAFE 12. These electric dehumidifier rods are designed to eliminate moisture and prevent rust and corrosion in your gun safes, closets, and small secure enclosures. This guide provides essential safety information to ensure the safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and follow the safety instructions provided in this guide.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- If you notice any unusual behavior or malfunction, discontinue use immediately.
- Report unsafe products and accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not operate the dehumidifier rods in wet or damp conditions.
- Ensure that the rods are placed on a stable and level surface to prevent tipping.
- Avoid covering the rods with any materials that could obstruct airflow.
- Do not attempt to disassemble or modify the dehumidifier rods.
- Ensure that the power supply matches the specifications of the rods (12inch: 7 watts; 18inch: 10 watts).
- Avoid using extension cords unless necessary, and ensure they are rated for the power requirements of the rods.
- Do not use the rods in areas with flammable materials or gases.

## Instructions for Installation and Usage

### Installation

1. **Select Location:** Choose a stable, level surface in your gun safe, closet, or enclosure.
2. **Position the Rods:**
  - For the 12inch dehumidifier rod, place it in an area that allows for maximum airflow.
  - For the 18inch dehumidifier rod, ensure it is positioned similarly.
3. **Attach Snapon Feet:**
  - Ensure that the snapon feet are securely attached to the rods.
4. **Connect to Power:**
  - Plug the rods into a suitable electrical outlet. Ensure the outlet is dry and free from moisture.

### Usage

- Turn on the dehumidifier rods by plugging them into the power source.
- Monitor the rods periodically to ensure they are functioning properly.
- Allow the rods to operate continuously for optimal moisture control.
- If the rods become excessively hot, unplug them immediately and allow them to cool before further use.

## **Disposal Instructions**

- When disposing of the dehumidifier rods, follow local regulations for electronic waste.
- Do not dispose of the rods in regular household waste.
- Consider recycling options available in your area for electronic products.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the SAFE DEHUMIDIFIER RODS SNAP SAFE 12, please refer to the manufacturer or authorized retailers.

Thank you for prioritizing safety while using the SAFE DEHUMIDIFIER RODS SNAP SAFE 12. Your attention to these guidelines helps ensure a safe environment for you and your valuables.
