

417 COMPENSATOR GLOCK® 43 - AGENCY ARMS 417C COMP FOR GLOCK® 43, GOLD

[Handgun Parts](#) > [Barrel Parts](#) > [Muzzle Devices](#) > [Compensators](#)

Purpose-Built to Provide Relief from Felt Recoil

At its launch, the Glock G43 made waves as one of the company's smallest 9mm handguns, bringing a new concealed-carry option to millions of American gun owners. However, the gun's diminutive size combined with its chambering in 9mm means it can be a bit more of a handful than other guns on the market. The Agency Arms 417 Compensator is purpose-built to provide relief from felt recoil. Each Agency Arms Glock G43 417 Compensator fits all threaded barrels with a standard thread pitch of 1/2-28 TPI. The design of the compensator features two vertical gas ports and two ports that vent out to the side, reducing both recoil and muzzle climb. The unit is machined from 7075 aluminum and features an all-black finish or a gold finish, depending on consumer preference. Best of all, for installation, Glock G43 owners can use their factory recoil-spring assembly when mounting the Agency Arms 417 Compensator. The device also features a machined hole for mounting a front sight, so users can increase their sight radius. The compensator ships with the necessary set screws needed for installation.

Attributes

- Name: [AGENCY ARMS 417C COMP FOR GLOCK® 43, GOLD](#)
- Manufacturer: [AGENCY ARMS](#)
- Product no.: 100026686

Safety Instruction Guide for the 417 Compensator for Glock® 43

Introduction

Thank you for choosing the Agency Arms 417 Compensator for your Glock® 43. This product is designed to enhance your shooting experience by reducing recoil and muzzle climb. It is essential to understand and follow the safety guidelines outlined in this manual to ensure safe and effective use of the compensator.

General Safety Guidelines

To ensure the safe use of the 417 Compensator, please adhere to the following guidelines:

- Always treat your firearm as if it is loaded.
- Ensure that the compensator is compatible with your specific model of Glock® 43.
- Use only approved ammunition and accessories with your firearm.
- Keep the compensator and firearm out of reach of children and unauthorized users.
- Regularly inspect the compensator for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications and accessories.

Specific Safety Precautions for Use

When using the Agency Arms 417 Compensator, please consider the following precautions:

- Ensure that the firearm is unloaded before installation or maintenance.
- Avoid using the compensator in environments where the discharge of a firearm is prohibited.
- Be aware of your surroundings when shooting to prevent accidents or injuries.
- Do not exceed the recommended ammunition load for your firearm.
- Always wear appropriate eye and ear protection while shooting.
- If you experience any malfunctions or unusual behavior from your firearm, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

To install and use the 417 Compensator safely, follow these steps:

1. Gather Required Tools and Materials

- 417 Compensator
- Factory recoilspring assembly
- Set screws (included)
- Allen wrench (if applicable)

2. Installation Steps

- Ensure the Glock® 43 is unloaded and pointed in a safe direction.
- Remove the slide from the frame of the firearm.
- Unscrew the factory muzzle device (if applicable) from the threaded barrel.
- Align the 417 Compensator with the threaded barrel.
- Handtighten the compensator onto the barrel, ensuring it is secure.
- Use the included set screws to further secure the compensator in place.
- If desired, install a front sight into the machined hole of the compensator.
- Reassemble the slide onto the frame of the firearm.

3. Usage Guidelines

- Before firing, ensure that the compensator is securely attached.
- Test the firearm in a safe environment to familiarize yourself with the compensator's performance.
- Monitor the firearm for any signs of malfunction during use.

Disposal Instructions

When it comes time to dispose of the 417 Compensator, please follow these guidelines:

- Dispose of the compensator in accordance with local regulations regarding metal recycling or electronic waste.
- Ensure that no hazardous materials are present in the compensator before disposal.
- If you are unsure about disposal methods, consult local waste management authorities for guidance.

Contact Information for Further Support

For questions or concerns regarding the Agency Arms 417 Compensator, please reach out to your point of purchase or consult a qualified firearms expert. Ensure you have your product details ready for any inquiries.

Conclusion

The Agency Arms 417 Compensator for Glock® 43 is a valuable accessory that enhances your shooting experience. By following the safety guidelines and instructions provided in this manual, you can ensure safe and effective use of your compensator. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important guidelines.
