Safety Instruction Guide for Fix It Sticks AR15 Maintenance Kit with Soft Case

Introduction

Thank you for choosing the Fix It Sticks AR15 Maintenance Kit with Soft Case. This guide provides essential safety instructions to ensure the safe and effective use of your maintenance kit. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure all tools are used according to their intended purpose to prevent accidents.
- Keep the maintenance kit out of reach of children and vulnerable individuals.
- Regularly inspect tools for wear or damage before each use.
- Store the kit in a dry and secure location to maintain tool integrity and ensure safe access.
- Follow all local laws and regulations regarding firearm maintenance and safety.

Specific Safety Precautions for Use

- **Carbon Scraper:** Use caution when scraping carbon buildup to avoid injury. Always pull the scraper towards you and away from your body.
- **Pin Punch:** Ensure that the pin punch is used on a stable surface to prevent slipping. Wear safety goggles to protect your eyes from debris.
- **Castle Nut Wrench:** Use the wrench only on castle nuts. Do not use excessive force to avoid damaging the tool or firearm.
- **Bronze Scraper and Steel Pick:** Handle these tools carefully to prevent cuts or punctures. Store them in the designated case when not in use.
- **NonMarring Plastic Pin Punch:** This tool is designed to prevent damage during disassembly. Ensure it is used correctly to avoid damaging firearm components.
- **Cleaning Brush Bit and A2 Front Sight Adjustment Bit:** Use these bits with the appropriate driver to avoid stripping the bits or damaging the firearm.
- **Brass Cleaning Rods:** Always use these rods according to the manufacturer's instructions to prevent barrel damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and safe to work on.
- Gather all necessary tools from the maintenance kit.

2. Using the Fix It Sticks:

- Assemble the Thandle by connecting the two Fix It Sticks.
- Select the appropriate 1/4" hex bit for your task and attach it securely to the Thandle.

3. Maintenance Tasks:

- **Cleaning:** Use the cleaning brush bit and brass cleaning rods to clean the barrel. Follow the manufacturer's recommendations for cleaning solutions.
- **Carbon Removal:** Use the carbon scraper to remove buildup from the bolt carrier group. Ensure you apply even pressure.
- **Pin Installation/Removal:** Use the pin punch to assist in the installation and removal of trigger

and hammer pins. Ensure the firearm is stable during this process.

- **Sight Adjustment:** Use the A2 front sight adjustment bit to make precise adjustments. Check alignment frequently.

4. **PostUse Care:**

- After completing maintenance, clean all tools and return them to the soft case.
- Inspect tools for damage and replace any worn or broken items before the next use.

Disposal Instructions

- Dispose of any damaged tools in accordance with local regulations. Do not throw them in regular household waste.
- If the soft case is no longer usable, check with local recycling programs for proper disposal methods.

Contact Information for Further Support
