

AIRGUN BORE SNAKE WITH DEN - HOPPES AIRGUN BORE SNAKE WITH DEN .177 CALIBER (NO BRUSH)

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Snakes](#)

Cleaning Rod, Brush & Patch All-In-One

The Airgun Bore Snake scrubs and cleans in a single step. The built in, bench-quality phosphor bronze brush and braided floss scrub, clean and oil the bore in just minutes. Apply a few drops of bore cleaner to the front of the cord and oil to the end. Drop cord into the bore and pull through five times. Caliber: .177 The Airgun Bore Snake is washable and reusable, and the lightweight design folds neatly away in new "den" carrying case for easy storage.

Airgun Bore Snake Safety Instruction Guide

Introduction

Thank you for choosing the Airgun Bore Snake with Den Hoppes Airgun Boresnake for .177 Caliber (No Brush). This product is designed to help you clean your airgun bore efficiently and effectively. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the Airgun Bore Snake is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before each use.
- If you notice any defects or damage, discontinue use immediately and seek a replacement.
- Always follow local laws and regulations regarding the use of airguns.

Specific Safety Precautions for Use

- Use the Airgun Bore Snake only with .177 caliber airguns.
- Avoid using excessive force when pulling the bore snake through the barrel.
- Do not apply the bore cleaner or oil directly into the bore without using the Airgun Bore Snake.
- Ensure that the airgun is unloaded before cleaning.
- Always wear safety glasses when cleaning your airgun to protect your eyes from potential debris.

Instructions for Installation and Usage

1. Preparation

- Ensure the airgun is unloaded.
- Gather the necessary items: Airgun Bore Snake, bore cleaner, and oil.

2. Applying Cleaner and Oil

- Apply a few drops of bore cleaner to the front of the cord.
- Apply oil to the end of the cord.

3. Inserting the Bore Snake

- Drop the cord end of the Airgun Bore Snake into the bore of the airgun.
- Pull the cord through the bore gently.

4. Cleaning Process

- Pull the Airgun Bore Snake through the bore five times to ensure thorough cleaning.
- Inspect the bore after cleaning to ensure it is free from debris.

5. Storage

- After use, clean the Airgun Bore Snake according to the manufacturer's instructions.
- Store the bore snake in the provided "den" carrying case for easy storage.

Disposal Instructions

- Dispose of the Airgun Bore Snake in accordance with local waste disposal regulations.
- If the product is damaged beyond repair, ensure it is disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any questions or concerns regarding the Airgun Bore Snake, please refer to the manufacturer's customer service resources available in your region. Always ensure you have the latest information regarding product recalls or safety updates.

Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Airgun Bore Snake. Remember to stay informed about product safety and report any unsafe conditions to the relevant authorities. Thank you for your commitment to safe usage!
