

SUPERIOR THICK PLATED 9MM (0.356") BULLETS - BERRYS MANUFACTURING 9MM (0.356") 124GR HOLLOW BASE RN 1,000/BOX

[Reloading](#) > [Bullets](#) > [Pistol Bullets](#)

Berry's Superior Plated Bullets are swaged and plated to final weight and re-struck for accuracy and precision. They are more affordable than jacketed rounds and won't foul your barrel with lead. Berry's Superior Plated hollow base thick plate bullets are designed for shooters who need increased accuracy and higher velocities. The hollow base allows the bullet profile to be longer and provides more contact area with the barrel and rifling to stabilize the bullet and improve accuracy. The thick plate allows the bullet to handle up to 1500fps. The bullet profile is longer but the weight remains the same and you can load these bullets using any published load data for a jacketed bullet as long as it is the same weight bullet. SAAMI MAX COL = 1.169"

Can withstand velocities up to 1500 fps.

Attributes

- Name: [BERRYS MANUFACTURING 9MM \(0.356"\) 124GR HOLLOW BASE RN 1,000/BOX](#)
- Manufacturer: [BERRYS MANUFACTURING](#)
- Product no.: 100029131
- Mfr. No.: 29325
- Bullet Style: Hollow Based Round Nose (HBRN)
- Caliber: 9mm
- Diameter (in): 0.356
- Grain: 124
- Quantity: 1,000
- Delivery weight: 8.21kg
- Shipping height: 133mm
- Shipping width: 123mm
- Shipping length: 127mm
- UPC: 711148293253

Safety Instruction Guide for SUPERIOR THICK PLATED 9MM (0.356") BULLETS

Introduction

Thank you for choosing Berry's Superior Plated Bullets. This guide provides important safety information and guidelines to ensure safe usage of our product. Please read this document carefully before using the bullets.

General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding ammunition and firearms in your area.
- Always treat every firearm as if it is loaded.
- Keep firearms pointed in a safe direction at all times.
- Store bullets and firearms securely, out of reach of children and unauthorized users.
- Regularly inspect your bullets and firearms for signs of damage or wear.
- Use appropriate eye and ear protection while handling or shooting firearms.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Only use Berry's Superior Plated Bullets in firearms that are designed for 9mm ammunition.
- Follow all load data and guidelines provided for jacketed bullets of the same weight (124 grains).
- Ensure that your firearm is in good working condition before use.
- Avoid exceeding the maximum velocity of 1500 fps to prevent potential hazards.
- Be aware of the potential for increased accuracy and velocity, which may affect your shooting experience.
- Keep the workspace clean and free from obstructions when loading or handling bullets.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and organized.
- Gather all necessary tools and materials for loading your ammunition.

2. Loading the Bullets:

- Use published load data for jacketed bullets with the same weight (124 grains) for loading Berry's Superior Plated Bullets.
- Carefully measure powder charges to avoid overloading.
- Seat the bullets to the SAAMI maximum cartridge overall length (COL) of 1.169 inches.

3. Testing:

- After loading, conduct a visual inspection of each cartridge to ensure proper assembly.
- Test fire in a safe and controlled environment.

4. Shooting:

- Always follow safe shooting practices.
- Maintain awareness of your surroundings and ensure a safe shooting area.

Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not dispose of bullets in regular household waste.
- Contact your local waste management facility for specific disposal guidelines.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of Berry's Superior Plated Bullets, please refer to the product packaging or visit our official website for additional resources and support.

Thank you for prioritizing safety while using Berry's Superior Plated Bullets. Your responsible handling and adherence to these guidelines contribute to a safer shooting experience for everyone.
