

CUSTOM GRADE HANDGUN SEATER DIES - 38 SPECIAL, 357 MAGNUM BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

Hornady's Custom Grade New Dimension dies are created from select steel that's heat-treated to ensure the durability needed for a lifetime of reloading. Hornady guarantees they'll never wear out or break under normal use. All dies include the popular double-flat Hornady die lock rings installed and a custom plastic box. Hornady dies are grouped in three series for pricing - die construction and quality is equal in each series. Custom Grade Seater dies include a sliding alignment sleeve which holds the bullet, case mouth, and seater stem in alignment before the bullet enters the case mouth. Seater dies include a built-in crimp ring which can be used or raised for no crimp. All dies come with the popular double-flat Hornady die lock rings installed and a custom plastic die box.

CUSTOM GRADE HANDGUN SEATER DIES Safety Instruction Guide

Introduction

Thank you for choosing the CUSTOM GRADE HANDGUN SEATER DIES for your reloading needs. This product is designed to provide precision and reliability for reloading 38 Special and 357 Magnum cartridges. It is essential to follow safety guidelines to ensure safe and effective use of this product. This guide outlines important safety information, usage instructions, and contact details for further support.

General Safety Guidelines

- Always read and understand the instruction manual before using the product.
- Keep the dies and all reloading components out of reach of children and unauthorized users.
- Use the dies only for their intended purpose—bullet seating for 38 Special and 357 Magnum cartridges.
- Inspect the dies for any damage or wear before each use. Do not use damaged dies.
- Ensure that your workspace is clean, welllit, and free from distractions when reloading.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- Ensure that the reloading press is securely mounted and stable before use.
- Use only the recommended bullet weights and types for the dies.
- Always doublecheck the powder charge and bullet seating depth before reloading.
- Do not exceed the maximum load recommendations provided by the bullet and powder manufacturers.
- Avoid using excessive force when seating bullets to prevent damage to the die or the cartridge.
- If you experience any issues during reloading, stop immediately and assess the situation before proceeding.
- Do not leave reloading equipment unattended while in use.

Instructions for Installation and Usage

Installation

1. Mounting the Die:

- Securely attach the seating die to your reloading press according to the manufacturer's instructions.
- Ensure the die is tightened properly to prevent movement during use.

2. Setting Up the Alignment Sleeve:

- Insert the sliding alignment sleeve into the die.
- Adjust the sleeve to hold the bullet and case mouth in alignment.

3. Adjusting the Crimp Ring:

- Determine if a crimp is needed for your load.
- If required, adjust the builtin crimp ring according to your specifications.

Usage

1. Preparing Cases:

- Ensure all cases are clean and properly resized before seating bullets.
- Inspect each case for defects or damage.

2. Seating Bullets:

- Place a bullet into the alignment sleeve, ensuring it is properly seated.
- Insert the case into the die and lower the press handle to seat the bullet.
- Check the seating depth after each round to ensure consistency.

3. Final Inspection:

- After seating, inspect each cartridge for proper bullet seating and crimp.
- Store completed cartridges in a safe and organized manner.

Disposal Instructions

- Dispose of any damaged or worn dies according to local regulations.
- Do not throw dies in regular household waste.
- Contact local waste disposal authorities for guidance on proper disposal of metal products.

Contact Information for Further Support

For any inquiries or concerns regarding the CUSTOM GRADE HANDGUN SEATER DIES, please refer to the manufacturer's website or customer service contact. It is important to have access to support for safe and effective use of the product.

By following these safety instructions, you can ensure a safe and successful reloading experience. Thank you for your attention to these important guidelines.
