

CUSTOM GRADE HANDGUN SEATER DIES - 475 LINEBAUGH BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

Hornady's Custom Grade New Dimension dies are created from select steel that's heat-treated to ensure the durability needed for a lifetime of reloading. Hornady guarantees they'll never wear out or break under normal use. All dies include the popular double-flat Hornady die lock rings installed and a custom plastic box. Hornady dies are grouped in three series for pricing - die construction and quality is equal in each series. Custom Grade Seater dies include a sliding alignment sleeve which holds the bullet, case mouth, and seater stem in alignment before the bullet enters the case mouth. Seater dies include a built-in crimp ring which can be used or raised for no crimp. All dies come with the popular double-flat Hornady die lock rings installed and a custom plastic die box.

CUSTOM GRADE HANDGUN SEATER DIES 475 LINEBAUGH Safety Instruction Guide

Introduction

Thank you for choosing the CUSTOM GRADE HANDGUN SEATER DIES 475 LINEBAUGH. This guide provides essential safety instructions and information to ensure the safe use and handling of this product. Please read this guide carefully before using the die to maximize safety and performance.

General Safety Guidelines

- Always ensure that you are using the die in a wellventilated area to avoid inhalation of any potentially harmful substances.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Always wear appropriate personal protective equipment, such as safety glasses and gloves, while handling reloading dies and materials.
- Ensure that your workspace is clean and organized to prevent accidents and injuries.
- Familiarize yourself with the specific hazards associated with reloading ammunition, including the handling of powders, primers, and projectiles.
- Regularly inspect your equipment for signs of wear or damage before each use.

Specific Safety Precautions for Use

- Ensure that the die is properly secured in your reloading press before use.
- Do not exceed recommended load specifications provided by the bullet or powder manufacturer.
- Avoid using damaged or worn components, as they may lead to malfunctions or accidents.
- Always doublecheck that the bullet seating depth is correct before proceeding with reloading.
- Do not attempt to modify the die or any of its components, as this may compromise safety and functionality.
- In case of any malfunction or unexpected behavior during use, stop immediately and inspect the equipment.

Instructions for Installation and Usage

1. Installation:

- Unbox the die and check for any visible damage.
- Securely mount the die into your reloading press, ensuring it is tightened according to the manufacturer's specifications.
- Install the doubleflat Hornady die lock rings provided to ensure stable positioning.

2. Usage:

- Prepare your cases by cleaning and inspecting them for damage.
- Insert the bullet into the sliding alignment sleeve of the die.
- Adjust the seating stem to the desired depth for bullet seating.
- Place the prepared case into the die and activate the reloading press to seat the bullet.
- If using the crimp feature, adjust the builtin crimp ring as needed.
- After use, clean the die to remove any residue or debris.

Disposal Instructions

- Dispose of any damaged or worn dies in accordance with local regulations regarding metal waste.
- Do not dispose of any reloading materials, such as powders or primers, in regular trash. Check local guidelines for hazardous waste disposal.
- Ensure that all packaging materials are recycled or disposed of properly.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact details provided on the packaging or the official website. Ensure that you have the product information ready for reference.

By following these safety guidelines and instructions, you can ensure safe and effective use of the CUSTOM GRADE HANDGUN SEATER DIES 475 LINEBAUGH. Always prioritize safety and stay informed about best practices in ammunition reloading.
