

# CUSTOM GRADE HANDGUN SEATER DIES - 50 ACTION EXPRESS BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

Hornady's Custom Grade New Dimension dies are created from select steel that's heat-treated to ensure the durability needed for a lifetime of reloading. Hornady guarantees they'll never wear out or break under normal use. All dies include the popular double-flat Hornady die lock rings installed and a custom plastic box. Hornady dies are grouped in three series for pricing - die construction and quality is equal in each series. Custom Grade Seater dies include a sliding alignment sleeve which holds the bullet, case mouth, and seater stem in alignment before the bullet enters the case mouth. Seater dies include a built-in crimp ring which can be used or raised for no crimp. All dies come with the popular double-flat Hornady die lock rings installed and a custom plastic die box.

# **CUSTOM GRADE HANDGUN SEATER DIES 50 ACTION EXPRESS BULLET SEATING DIE Safety Instruction Guide**

## **Introduction**

Thank you for choosing the Hornady Custom Grade Handgun Seater Dies for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. It is crucial to follow these guidelines to minimize risks and ensure a safe reloading experience.

## **General Safety Guidelines**

- Ensure that all reloading activities are conducted in a wellventilated area.
- Always wear appropriate personal protective equipment, such as safety glasses and gloves, during reloading.
- Keep the reloading area clean and organized to avoid accidents.
- Store reloading components, including powders and primers, in a safe, secure location away from children and pets.
- Be aware of the specific hazards associated with the materials you are using and handle them with care.
- Regularly check for any updates or recalls related to your reloading equipment and components through the EU Safety Gate platform.

## **Specific Safety Precautions for Use**

- Read all instructions and warnings provided with the die set before use.
- Do not exceed recommended load limits for any components.
- Ensure that the die is securely mounted to the reloading press before use.
- Check the alignment of the bullet, case mouth, and seater stem before seating a bullet.
- Use the builtin crimp ring only as directed; improper use can lead to dangerous conditions.
- Never leave reloading equipment unattended while in use.
- If you notice any irregularities or malfunctions during operation, stop using the equipment immediately and consult the manufacturer.

## **Instructions for Installation and Usage**

### **1. Installation of the Die:**

- Begin by securely mounting the Custom Grade Seater Die into your reloading press.
- Ensure that the die lock ring is tightened to prevent movement during operation.

### **2. Preparation of Components:**

- Prepare your brass cases by cleaning and inspecting them for any defects.
- Select the appropriate bullet for your cartridge (50 Action Express).

### **3. Seating the Bullet:**

- Insert the brass case into the shell holder of the press.
- Adjust the die to ensure the bullet aligns correctly with the case mouth.
- Slowly pull the handle of the press to seat the bullet into the case. Monitor the seating depth to ensure it meets your specifications.

#### **4. Crimping (if applicable):**

- If a crimp is desired, adjust the die to apply the crimp as needed. Ensure to test the crimp on a dummy round before proceeding with live ammunition.

#### **5. Final Inspection:**

- After seating and crimping, inspect each round to ensure proper assembly and functionality.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of hazardous materials, such as primers or powders, in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of your Hornady Custom Grade Handgun Seater Dies, please refer to the manufacturer's website or contact their customer service for assistance.

By following these guidelines, you can ensure a safer reloading experience with the Hornady Custom Grade Handgun Seater Dies. Always prioritize safety and adhere to best practices while reloading.
