Safety Instruction Guide for LASER SADDLE FOR MOSSBERG 500 AND 590®

Introduction

Thank you for choosing the Crimson Trace Laser Saddle for the Mossberg 500 and 590. This product is designed to enhance your shotgun's performance by providing a reliable laser sighting platform. To ensure your safety and the safety of others, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your surroundings and ensure a safe backdrop before firing.
- Store the product and your firearm in a secure location, out of reach of children.
- Regularly inspect the laser sight for any signs of damage or malfunction.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use only the recommended battery type (CR2032) for the laser sight.
- Do not exceed the specified battery life of 4 hours to avoid malfunction.
- Avoid exposing the laser sight to extreme temperatures or moisture.
- Ensure the laser is turned off when not in use to preserve battery life.
- Do not point the laser at anyone's eyes or reflective surfaces.
- Always ensure that the laser is properly aligned with the firearm before use.

Instructions for Installation and Usage

1. Installation:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Clean the receiver area where the Laser Saddle will be attached.
- Align the Laser Saddle with the receiver and press firmly to attach.
- Ensure the laser activation pads are easily accessible for use.
- Check that the Laser Saddle is securely attached before proceeding.

2. Usage:

- Activate the laser using the ambidextrous activation pad.
- Adjust the laser for windage and elevation as needed.
- Always check the laser's alignment before each use.
- If the laser is not functioning properly, replace the battery and retest.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Remove the battery before disposal and recycle it properly.
- Do not dispose of the product in household waste.

Contact Information for Further Support

For any questions or concerns regarding the use of the Laser Saddle or safety inquiries, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety guidelines. Your adherence to these instructions will help ensure safe and effective use of your Crimson Trace Laser Saddle for the Mossberg 500 and 590.
