An Optics Mount Made for Maximizing Rifle Real Estate

Thanks to a huge increase in the number of optics and accessories designed for rifle platforms, today's shooters have more options than ever before to enhance their platform. The Badger Ordnance Condition One Modular Mount is designed to aid riflshooters in maximizing mounting option on their go-to rifle. Each Badger Ordnance Condition One Modular Mount operates as a centralized mounting position for different rifle attachments and is designed to prevent the deflection experienced on optics and lasers that are usually mounted directly to a handguard. One of the stand-out features of the Badger Ordnance Condition One Modular Mount is the use of a 1.70-inch bore offset, which matches the height of commonly used 1/3 red-dot mounts. This aids shooters using night-vision gear and also maintains the same cheek hold as shooters who've trained on 1/3 mounts. Options are available in 30mm, 34mm and 35mm rings and can be had in either 0 or 20 MOA of elevation.

Attributes

- Name: [BADGER ORDNANCE 34MM 1.54" 0 MOA MODULAR MOUNT, BLACK](#)
- Manufacturer: [BADGER ORDNANCE](#)
- Product no.: 100034648

Safety Instructions for Badger Ordnance Condition One Modular Mount

Introduction

Thank you for choosing the Badger Ordnance Condition One Modular Mount. This guide provides essential safety instructions to ensure the safe and effective use of your modular mount. Please read and follow these guidelines carefully to maximize safety and performance.

General Safety Guidelines

- Ensure that the mount is compatible with your rifle and optics before installation.
- Always handle firearms and accessories with care and follow general firearm safety practices.
- Keep the mount and all associated equipment out of reach of children and unauthorized users.
- Regularly inspect the mount for any signs of wear or damage before each use.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Avoid Overloading:** Do not exceed the weight limit specified by the manufacturer for mounted optics and accessories.
- **Check Stability:** Ensure that the mount is securely attached to the rifle before use. A loose mount can lead to accidents or malfunction.
- **Use in Appropriate Conditions:** Avoid using the mount in extreme weather conditions that may affect its performance or stability.
- **Be Mindful of Eye Relief:** Adjust your optics to ensure proper eye relief to avoid injury while aiming or firing.
- **Night Vision Gear:** When using nightvision equipment, ensure the mount height is appropriate to maintain proper cheek weld.

Instructions for Installation and Usage

1. Installation:

- Ensure the rifle is unloaded and the safety is engaged.
- Select the appropriate ring size (30mm, 34mm, or 35mm) for your optics.
- Position the mount on the rifle's receiver or handguard, ensuring it is aligned correctly.
- Secure the mount using the provided screws or clamps, tightening them to the manufacturer's specifications.
- Doublecheck that the mount is firmly attached and does not wobble.

2. Usage:

- Before each use, inspect the mount for any signs of damage or wear.
- Ensure the optics are securely mounted and adjusted for your shooting position.
- Practice safe handling of the rifle and always treat it as if it is loaded.
- If using with nightvision gear, confirm that the height offset is suitable for your setup.

Disposal Instructions

- Dispose of the mount and any associated packaging in accordance with local regulations.
- Do not dispose of the mount in household waste if it contains electronic components. Check for designated recycling points.

Contact Information for Further Support

For any questions or concerns regarding the Badger Ordnance Condition One Modular Mount, please reach out to your local retailer or authorized distributor for assistance.

Thank you for your attention to these safety instructions. We hope you enjoy using your Badger Ordnance Condition One Modular Mount safely and effectively.
